New Delhi, the 7th May, 1992

S.O. 1705:—In pursuance of clause (b) of Sub-rule (1) of Rule 7 of the Bureau of Indian Standards Rules, 1987, The Bureau of Indian Standards hereby notifies that the Indian Standard(s), Particulars of which is/are given in the Schedule hereto annexed, has/have been established on the date indicated against each:

SCHEDULE

Sl. No.	Year and Title of the Indian Standard(s) Established	No. and years of the Indian Standard or Standards, if any, superseded by the new Indian Standard	Date of Establishment
(1)	(2)	(3)	(4)
1.	IS : 80-1991 Tung oil for points—Specification (Second Revision)	IS : 80-1971	1991-12-31
2.	IS: 1252-1991 Hot rolled steel bulb angles—Dimensions (First Revision)	IS: 1252-1958	1991-11-30

(1)	(2)	(3)	(4)
3.	IS: 1651-1991 Stationary cells and batteries, lead-acid type (With tubular positive plates)-- Specification (Third Revision)	IS: 1651-1979	1991-11-30
4.	IS: 1652-1991 Stationary cells and batteries, lead-acid type with plate positive plates -- Specification (Third Revision)	IS: 1652-1984	1991-12-31
5.	IS: 2944-1991 Raw silk—Determination of evenness and low evenness (First Revision)	IS: 2944-1964	1991-11-30
6.	IS: 2946-1991 Raw silk—Methods for determination of neatness and low neatness (First Revision)	IS: 2946-1964	1991-11-30
7.	IS: 2947-1991 Raw silk—determination of tenacity and elongation by sergraph test (First Revision)	IS: 2947-1964	1991-12-31
8.	IS: 3146-1991 Oil of celery seed -- Specification (First Revision)	IS: 3146-1965	1991-12-31
9.	IS: 3148-1991 Slide fasteners (General purpose) (Fourth Revision)	IS: 3148-1983	1991-11-30
10.	IS: 3817-1991 Household sewing machines-- arm shaft—Specification (First Revision)	IS: 3817-1966	1991-11-30
11.	IS: 4410-(Part 1)-1991 Glossary of terms relating to river valley projects Part 1 Irrigation practices (First Revision)	IS : 4410-1967	1991-12-31
12.	IS: 4634-1991 Batch-type concrete mixers— method of test—performance (First Revision)	IS: 4634-1968	1991-12-31
13.	IS: 6962-1991 3, 9-Dibromobenzanthrone, technical—Specification (First Revision)	IS: 6962-1973	1991-12-31
14.	IS: 7696-1991 Para-cresyl methyl ether— Specification (First Revision)	IS: 7696-1975	1991-12-31
15.	IS: 7697-1991 Phenyl ethyl methyl ether-- Specification (First Revision)	IS : 7697-1975	1991-11-30
16.	IS: 9793 (Part 2/Sec. 1)-1991 Antennas for the reception of sound and television broadcasting in the frequency range 30 MHz to 1 Ghz— Specification Part 2 Requirements Section 1 Guide for the Preparation of Antenna Performance Specifications (First Revision)	IS : 9793 (Part 2)-1983	1991-11-30

(1)	(2)	(3)	(4)
17.	IS : 13136—1991 Arms and ammunition—rifle—air rifle spring operated—Specification	—	1991-11-30
18.	IS: 13161 (Part 1)—1991 Shipbuilding—noise levels onboard ships Part 1 Glossary of terms	—	1991-11-30
19.	IS : 13161 (Part 6)-1991 Shipbuilding—noise levels onboard ships Part 6 Guidelines for controlling noise exposure	—	1991-12-31
20.	IS: 13187—1991 Road tankers for light petroleum products—Specification	—	1991-11-30
21.	IS: 13194—1991 Indian script code for information interchange—ISCII	—	1991-12-31
22.	IS: 13196—1991 Automotive vehicles—light alloy wheels for motorcycles—Specification	—	1991-12-31
23.	IS: 13224—1991 Automotive vehicles—hydraulic braking systems —master cylinder—performance requirements	—	1991-11-30
24.	IS: 13226—1991 Automotive vehicles resistances in starter motor circuits—Methods of measurement	—	1991-11-30
25.	IS: 13237—1991 Metallic foil—tension testing	—	1991-12-31
26.	IS: 13240—1991 Walnut logs for production of sliced veneers—Specification	—	1991-11-30
27.	IS: 13244—1991 Half side and face cutters with indexable inserts —Specification	—	1991-12-31
28.	IS: 13245—1991 Pesticide—determination of residue in agricultural commodities, foods, soil and water—aldrin (Including Dieldrin)	—	1991-11-30
29.	IS: 13249—1991 Automotive vehicles—braking systems—rubber seal for DJSC brake cylinder—performance requirements	—	1991-12-31
30.	IS: 13266—1991 Instant curried DAL MIX—Specification	—	1991-12-31
31.	IS: 13269—1991 Aircraft—single-hole and triple-hole mounting (class 3) lever-operated manual switches—Dimensions	—	1991-11-30
32.	IS: 13313—1991 Automotive vehicles—electrical wiring—colour coding	—	1991-12-31

Copies of these Standards are available for sale with the Bureau of Indian Standards, Manak Bhavan, 9 Bahadur Shah Zafar Marg, New Delhi-110002 and Regional Offices: Bombay, Calcutta, Chandigarh and Madras and also Branch Offices: Ahmedabad, Bangalore, Bhopal, Bhubaneshwar, Guwahati, Hyderabad, Jaipur, Patna and Trivandrum.

एन. श्रीनिवासन, अपर महानिदेशक

New Delhi, the 8th May, 1991

S.O. 1705.—In pursuance of clause(b) of Sub-rule (1) of Rule 7 of the Bureau of Indian Standards Rules, 1987, The Bureau of Indian Standards hereby notifies that the Indian Standard(s), Particulars of which is/are given in the Schedule hereto annexed, has/have been established on the date indicated against each:

SCHEDULE

Sl. No.	Year and Title of the Indian Standard(s) Established	No. and year of the Indian Standard or Standards, if any, superseded by the new Indian Standard	Date of Establishment
(1)	(2)	(3)	(4)
1.	IS: 190-1991 Coniferous sawn timber (Baulks and scantlings)—Specification (Fourth Revision)	IS: 190-1974	1991-11-30
2.	IS: 854-1991 Handloom cotton turkish, honeycomb and huckaback towels and towelling cloth—Specification (Second Revision)	IS: 854-1981 IS: 855-1979 IS: 856-1971	1991-11-30
3.	IS: 1001-1991 Synthetic rubber proofed/coated fuel pump diaphragm fabric—Specification (First Revision)	IS: 1001-1956	1991-12-31
4.	IS: 1448 (P:33)-1991 Methods of test for petroleum and its products (P: 33) Sulphur by bomb method (Second Revision)	IS: 1448 (P: 33)-1967	1991-12-31
5.	IS: 1655-1991 Metallic materials—Zinc alloys—code of practice for manufacture of pressure die castings (Second Revision)	IS: 1655-1968	1991-12-31
6.	IS: 2940-1991 Raw silk—determination of conditioned mass (First Revision)	IS: 2940-1964	1991-10-31
7.	IS: 3694-1991 Test chart for woodworking turning lathes (Second Revision)	IS: 3694-1976	1991-12-31
8.	IS: 5795-1991 Orthodontic pliers, crown and ligating, howe's pattern-shape, dimensions and tests (First Revision)	IS: 5795-1970	1991-12-31
9.	IS: 6114-1991 Gynaecological instruments—forceps, uterine vulsellum—shape and dimensions (First Revision)	IS: 6114-1971	1991-12-31

(1)	(2)	(3)	(4)
10.	IS: 6115-1991 Gynaecological instruments—forceps, uterine tenaculum—shape and dimensions (First Revision)	IS: 6115-1971	1991-12-31
11.	IS: 6175-1(Part 5)-1991 Screwing taps Part 5 Nut screwing taps for ISO metric screw threads sizes M3 to M68 with coarse pitches—Specification	—	1991-12-31
12.	IS: 7286-1991 Test chart for woodworking single chain mortising machines (First Revision)	IS: 7286-1974	1991-12-31
13.	IS: 7333-1991 Orthodontic pliers, spring forming—shape and dimensions (First Revision)	IS: 7333-1974	1991-11-30
14.	IS: 7418-1991 Criteria for design of spiral casing (Concrete and steel) (First Revision)	IS: 7418-1974	1991-12-31
15.	IS: 7595 (Part 5)-1991 Fishing vessels—Otter boards Part 5 Vee type otter boards		1991-12-31
16.	IS: 7622-1991 Series 1 freight containers—handling and securing (First Revision)	IS: 7622-1975	1991-12-31
17.	IS: 7720-1991 Criteria for investigation, planning and layout for barrages and weirs (First Revision)	IS: 7720-1975	1991-12-31
18.	IS: 7746-1991 INSITU shear test on rock—Code of practice (First Revision)	IS: 7746-1975	1991-12-31
19.	IS: 10738 (Part-3)/Sec 2)-1991 Flanges for waveguides—Specification Part 3 Flanges for flat rectangular waveguides Section 2 Flange Type G	—	1991-11-30
20.	IS: 10990 (Part 1)-1991 Technical drawings—simplified representation of pipelines Part 1 General rules and orthogonal representation (First Revision)	IS: 10990-1984	1991-10-31
21.	IS: 11093-1991 Iron ore lumps for direct reduction processes—Specification (First Revision)	IS: 11093-1984	1991-10-31
22.	IS: 12592 (Part 2)-1991 Precast concrete manhole covers and frames—Specification Part 2 Frames	—	1991-12-31

(1)	(2)	(3)	(4)
23.	IS: 12800 (Part 3)-1991 Guidelines for selection of hydraulic turbine, preliminary dimensioning and layout of surface hydroelectric power houses Part 3 Small, Mini and micro hydroelectric power houses	—	1991-12-31
24.	IS: 12917 (Part 2)-1991 Farm transport equipment-conventional animal drawn vehicle— Specification Part 2 Camel	—	1991-12-31
25.	IS: 12970 (Part 5/Sec. 1)-1991 Semiconductor devices—integrated circuits Part 5 Analogue integrated circuits essential ratings and characteristics Section 1 General Format	IS: 7440 (Part 1)-1974	1991-11-30
26.	IS: 13015-1991 Steel products-macrotech testing, inspection and rating—Specification	—	1991-12-31
27.	IS: 13082 (Part 1)-1991 Bulk handling—equipment—shiploader—gantry mounted grab type—Code of practice for design, manufacture and erection Part 1 Mechanical and structural requirements	—	1991-12-31
28.	IS: 13179-1991 Ent surgery instruments—tracheostomy tubes, chevallar jackson's pattern—Specification	—	1991-12-31
29.	IS: 13190-1991 Recommended practice for eddy current examination (By rotating probe method) of round steel bars	—	1991-12-31
30.	IS: 13195-1991 Preliminary design, operation and maintenance of protection works downstream of spillways—Guidelines	—	1991-12-31

यदि कोई हो, का सं. और वर्ष

(१)	(२)	(३)	(४)
१. प्राई एस : १० (पार्ट १) — १९९० भाष्य की पेटिया-विशिष्ट भाग १—सामान्य (पीसरा पुनरीक्षण)		प्राई एस : १० (पार्ट १) — १९७६	१९९१-०२-२
२. प्राई एस : १६ (पार्ट १) — १९९१ भाष्या-विशिष्ट भाग १ हाथ से बना कपड़ा (तीसरा पुनरीक्षण)		प्राई एस : १६ (पार्ट १) — १९७३	१९९१-११-३०
३. प्राई एस : ९६२ — १९८९ फलत विद्युत और भवनों की ड्राइंग हेतु रीति संविठा (दूसरा पुनरीक्षण)		प्राई एस : ९६२ — १९६७	१९९१-०३-३१
४. प्राई एस : १४३५ — १९९१ प्लेटफार्म काली तौलना मशीन विशिष्ट (पहला पुनरीक्षण)		प्राई एस : १४३५ — १९६०	१९९१-१०-३१
५. प्राई एस : १४३६ — १९९१ भार पुल —विशिष्ट (पहला पुनरीक्षण)		प्राई एस : १४३६ — १९६०	१९९१-११-३०
६. प्राई एस : १५२८ (पार्ट १०) — १९९१ प्रग्निसह सामग्री के भौतिक परीक्षण और समूने लेने की विधिया भाग १० उपर्युक्त प्रकार का निष्ठरिण		—	१९९१-०९-३०
७. प्राई एस : १५८४ — १९९१ वस्त्रादि—कमीज का रेशमी कपड़ा—विशिष्ट (पहला पुनरीक्षण)		प्राई एस : १५८४ — १९६० प्राई एस : १६८६ — १९६०	१९९१-०७-३१
८. प्राई एस : १७६० (पार्ट २) — १९९१ चूमा पत्थर, डोलोमाइट का रासायनिक विश्लेषण भाग २ सिसिका का निष्ठारण (पहला पुनरीक्षण)		प्राई एस : १७६० — १९६२	१९९१-११-३०
९. प्राई एस : १७६० (पार्ट ५) — १९९१ चूमा पत्थर, डोलोमाइट का रासायनिक विश्लेषण भाग ५ क्लोराइट का निष्ठारण (पहला पुनरीक्षण)		प्राई एस : १७६० — १९६२	१९९१-११-३०
१०. प्राई एस : १८६५ — १९९१ गोलीय गांठदार फ्रेफाइट सहित सौह डलाइयां—विशिष्ट (तीसरा पुनरीक्षण)		प्राई एस : १८६५ — १९७४	१९९१-१०-३१
११. प्राई एस : २०२९ — १९९१ इलय पाग विशिष्ट (तीसरा पुनरीक्षण)		प्राई एस : २०२९ — १९८१	१९९१-१०-३०

(1)	(2)	(3)	(4)
12. भाई एस : 2414—1991 नाइकिस और रिक्षा के हमा भरे टामर—विशिष्ट (तीसरा पुनरीक्षण)		भाई एस : 2414—1985	1991-11-30
13. भाई एस : 2478—1991 ओपोगिक रेडियोलाजी से संबद्ध परिमाणिक शब्दावली (दूसरा पुनरीक्षण)		भाई एस : 2478—1981	1991-10-31
14. भाई एस : 2855—1991 तापस्थानी आतु—नम्रता का विश्वारूप (पहला पुनरीक्षण)		भाई एस : 2855—1984	1991-11-30
15. भाई एस : 2941—1991 कल्प रेखम—कालम बैटरीज की विशिष्टता (पहला पुनरीक्षण)		भाई एस : 2941—1984	1991-11-30
16. भाई एस : 2942—1991 कल्प रेखम—साइज (गिरती) विश्वारूप और वातिकलम विश्वारूप का निष्ठारूप (पहला पुनरीक्षण)		भाई एस : 2942—1984	1991-10-31
17. भाई एस : 2948—1991 कल्प रेखम—संस्करण का विश्वारूप (पहला पुनरीक्षण)		भाई एस : 2948—1984	1991-10-31
18. भाई एस : 3025 (पार्ट 40)—1991 जल और बच्चे जल—नमूने और परीक्षण (सौकिक और राष्ट्राधिक) भाग 40 के लियायम (पहला पुनरीक्षण)		भाई एस : 3025 (पार्ट 33)—1988	1991-11-30
19. भाई एस : 3200 (पार्ट 2)—1991 आयोलाइट्स का रासायनिक विश्लेषण भाग 2 कुस सौकियम का विश्वारूप (पहला पुनरीक्षण)		भाई एस : 3200—1985	1991-10-31
20. भाई एस : 3200 (पार्ट 3)—1991 आयोलाइट्स का रासायनिक विश्लेषण भाग 3 कुस सौकियम का विश्वारूप		भाई एस : 3200—1985	1991-11-30
21. भाई एस : 3972 (पार्ट 2/पृष्ठ. 9)—1991 विटिमस इमेल भाष्टो की परीक्षण विधियाँ भाग 2—परीक्षण विधियाँ खड़ 9 तनु सल्फ्यूरिक अम्ल के प्रति—ऐधिता (पहला पुनरीक्षण)		भाई एस : 3972—1988	1991-11-30
22. भाई एस : 4095—1991 पिनसर्म—विशिष्ट (दूसरा पुनरीक्षण)		भाई एस : 4095—1973	1991-11-30
23. भाई एस : 4165—1991 सामान्य प्रयोजी विज्ञप्ती की विवरण के लिए हापस्थानी (पहला पुनरीक्षण)		भाई एस : 4165—1967	1991-11-30
24. भाई एस : 4316—1991 प्रायोगिक टाइप जम्बूर स्लिप नोड—घाकार आयाम और परीक्षण (पहला पुनरीक्षण)		भाई एस : 4316—1967	1991-10-31
25. भाई एस : 4899—1991 भल्प ताप पर प्रयोग हेतु फैरिटिक और मार्टेनसिटिक इस्पात की; वसाइया—विशिष्ट (दूसरा पुनरीक्षण)		भाई एस : 4899—1978	1991-09-30
26. भाई एस : 5365—1991 कोड ब्रिल सामग्री शैक—विशिष्ट (दूसरा पुनरीक्षण)		भाई एस : 5365—1978	1991-10-31

(1)	(2)	(3)	(4)
27. भाई एस : 5511—1991 दले लोहे की मनुष्यस धाक फैलिंग के लिए आवारित इनेफ्रोड—विशिष्ट (पहला पुनरीक्षण)	भाई एस : 5511—1969		1991-09-30
28. भाई एस : 5608 (पार्ट 1)—1991 पी बी सी रोधन और पी बी सी का खोस अड़ी ग्रन्ट आइल केवल की विशिष्ट भाग 1 सामान्य प्रवेशाएं, परीक्षण और मापन विधियां (पहला पुनरीक्षण)	भाई एस : 5608 (पार्ट 1)—1970		1991-10-31
29. भाई एस : 5743—1991 संचा मास्टर फिश बातु (पहला पुनरीक्षण)	भाई एस : 5743—1970		1991-09-30
30. भाई एस : 6571—1991 पुनर्वास उपस्कर—पहिएवार कुसी, भास फौलिंग, बयस्क ताज, चंसामिक माऊल—विशिष्ट (पहला पुनरीक्षण)	भाई एस : 6571—1972		1991-10-31
31. भाई एस : 6702—1991 मास टेपर न्यूफारक स्लीच—विशिष्ट (पहला पुनरीक्षण)	भाई एस : 6702—1972		1991-10-31
32. भाई एस : 6829—1991 दंत्य उपकरण—भायोडोटिक, जाम्बू, भौंगीब भार बैकन—आकार, भायाम और परीक्षण (पहला पुनरीक्षण)	भाई एस : 6829—1972		1991-11-30
33. भाई एस : 7139—1991 भायोडोटिक, जाम्बू, परो हेच, भौंगीब कार्मिंग—आकार, भायाम और परीक्षण (पहला पुनरीक्षण)	भाई एस : 7139—1973		1991-10-31
34. भाई एस : 7141—1991 दंत्य उपकरण—भायोडोटिक जम्बर, बैक फार्मिंग, पीक पैटेन—आकार भायाम और परीक्षण (पहला पुनरीक्षण)	भाई एस : 7141—1973		1991-11-30
35. भाई एस : 7151—1991 हराई जहाज से निराई जाने वाली सामग्री के लिए नालीदार रेपा बोड के डिव्हू—विशिष्ट	भाई एस : 7151—1973		1991-09-30
36. भाई एस : 7332 (पार्ट 1)—1991 जन विद्युत गृहों और तंत्रों के लिए गोलीय वाल्व भाग 1 संरचनात्मक एवं द्रव चालन डिजाइन की कसीटी (पहला पुनरीक्षण)	भाई एस : 7332 (पार्ट 1)—1974		1991-11-30
37. भाई एस : 7338—1991 आधोडोटिक जम्बर, बैक रिमूविंग बोर्डोरिपर आकार और भायाम (पहला पुनरीक्षण)	भाई एस : 7338—1974		1991-10-31
38. भाई एस : 11176—1991 दूरसंचार की पांच बी सा रोधित और खोलदार केवल—विशिष्ट	—		1991-10-31
39. भाई एस : 13180—1991 तंत्रिका गत्यक्षिया यंत्र—स्कोविली ट्रैकोन—विशिष्ट	भाई एस :		1991-11-30
40. भाई एस : 13181—1991 कृतिम गर्भायान यंत्र—विशिष्ट	—		1991-11-30
41. भाई एस : 13182—1991 भवनों में गीरे बोरों को छनसह और तभी उह बनाना—सिकारियों	—		1991-11-30

(1)	(2)	(3)	(4)
42. आईएस : 13183--1991 उपमा प्रतिरोधी एल्प्यूमीनियम रौगन	—	—	1991-10-31
43. आईएस : 13184--1991 इंडोनेशिया अधिकारित मास्टिक भरण—सामग्री—विशिष्टि	—	—	1991-11-30
44. आईएस : 13189--1991 नैड हूमर्स—विशिष्टि	—	—	1991-09-30
45. आईएस : 13201--1991 खान डुलाई इक-रेल और फिश प्लेट—सामान्य घरेलाएं	—	—	1991-11-30
46. आईएस : 13204--1991 ताप रोधक के लिए दृढ़ किनोप्टिक फोम—विशिष्टि	—	—	1991-10-31
47. आईएस : 13205--1991 इत-सीटू डालने को विधि द्वारा पालीयुरेपेन रोधन के उपयोग की रीति संहिता	—	—	1991-10-31
48. आईएस : 13206--1991 स्थाही उच्चोग के लिए गैलिक ग्राम्य—विशिष्टि	—	—	1991-10-31
49. आईएस : 13211--1991 बाल्य दाढ़ डायल टाइप तापमापी—विशिष्टि	—	—	1991-10-31
50. आईएस : 13212--1991 लौह और इस्पात के पुर्जों के लिए काला आकस्मात्—विशिष्टि	—	—	1991-09-30
51. आईएस : 13220--1991 बर्बंग प्रैष—द्रवीय मैटिंग युक्तियां—सामान्य घरेलाएं	—	—	1991-11-30
52. आईएस : 13223--1991 यस्तादि रेजक सामग्री—सी आई फ्लोरेसेट प्राइमर 199—विशिष्टि	—	—	1991-11-30
53. आईएस : 13228--1991 पैकिंग और याकायात के लिए नानीशार डिब्बे—विशिष्टि	—	—	1991-10-31
54. आईएस : 13233--1991 अल्प बोल्टता उच्च घारा आर्क प्रतिरोध परीक्षण—परीक्षण विधि	—	—	1991-10-31
55. आईएस : 13241 (पार्ट 1)--1991 इन्डोर पी एल सी उपस्कर के संस्थापन और रखरखाव—रोति संहिता भाग 1 पी एल सी टर्मिनल	—	—	1991-10-31
56. आईएस : 1. 242--1991 सिर्च-मसाने-घ्रमचूर-कच्चे ग्राम मैनीफैर इंडिया (लीन) का पाउडर—विशिष्टि	—	—	1991-10-31
57. आईएस : 13243--1991 मोट बाहन—ज्ञापारिक बाहन—पहिए के हब पर एटेक्मैट	—	—	1991-10-31
58. आईएस : 13273--1991 पानी गर्म के भंडारण टाइप होटर के लिए विद्रियस इनेमल युक्त आन्तरिक टैक	—	—	1991-10-31

इन मानकों की प्रतियोगी भा. मा. व्यवस्था, गांधक भवन, 9, बहादुर भाऊ जफर सार्फ, नई दिल्ली-110002 और शेषीय यार्ड्सों: यम्बर्क, कनकशस्त्र, चंडोग और मद्रास में एवं याका कार्यालयों: अहमदाबाद, बंगलौर, बोराच, भूर्णेश्वर, गोहाटी, हैदराबाद, जगदुर, पटना और दिल्लीदरम में विक्री के लिए उपलब्ध है।

Now Delhi, the 9th June, 1992

S.O. 1714.—Whereas it appears to the Central Government that it is necessary in the public interest that for the transport of the petroleum from GNXG to GNAQ in Gujarat State pipeline should be laid by the Oil and Natural Gas Commission.

And, whereas, it appears that for the purpose of laying such pipeline, it is necessary to acquire that right of user in the land described in the schedule annexed hereto;

Now, therefore, in exercise of the powers conferred by sub-section (1) of section 3 of the Petroleum and Minerals Pipelines (Acquisition of Right of User in the Land) Act, 1962 (50 of 1962), the Central Government hereby declares its intention to acquire the right of user thereon:

Provided that any person interested in the said land may, within 21 days from the date of this notification, object to the laying of the pipeline under the land to the Competent Authority, Oil and Natural Gas Commission, Construction and Maintenance Division, Makarpura Road, Vadodara-390009.

And every person making such an objection shall also state specifically whether he wishes to be heard in person or by legal Practitioner.

New Delhi, the 9th June, 1992

S.O. 1731.—Whereas it appears to the Central Government that it is necessary in the public interest that for the transport of the petroleum from GNDQ to WIH at EPS in Gujarat State pipeline should be laid by the Oil and Natural Gas Commission.

And, whereas, it appears that for the purpose of laying such pipeline, it is necessary to acquire that right of user in the land described in the schedule annexed hereto;

Now, therefore, in exercise of the powers conferred by sub-section (1) of the section 3 of the Petroleum & Minerals Pipelines (Acquisition of Right of User in the Land) Act, 1953 GI/92-15

1962 (50 of 1962), the Central Government hereby declares its intention to acquire the right of user therein:

Provided that any person interested in the said land may, within 21 days from the date of this notification, object to the laying of the pipeline under the land to the Competent Authority, Oil and Natural Gas Commission, Construction and Maintenance Division, Makarpura Road, Vadodara-390009.

And every person making such an objection shall also state specifically whether he wishes to be hear in person or by legal Practitioner.

ANNEXURE

BEFORE THE CENTRAL GOVERNMENT INDUSTRIAL TRIBUNAL NO. 2, AT BOMBAY

PRESENT :

Shri P. D. Apshankar, Presiding Officer.
Reference No. CGIT. 2/77 of 1985

PARTIES :

Employers in relation to the management of Union Bank of India,

AND

Their Workmen.

APPEARANCES :

For the Employers—Shri Yogesh H. Vyas, Advocate.
For the Workmen—Shri V. Premchand, Advocate.

INDUSTRY : Banking

STATE : Gujarat

Bombay, the 5th May, 1992

AWARD

The Central Government by their order No. L-12012(60)/85-D.II (A) dated 20-12-1985 have referred the following industrial dispute to this Tribunal for adjudication under Section 10(1)(d) of the Industrial Disputes Act, 1947.

"Whether the action of the management of Union Bank of India, Rajkot, in not granting the benefits of the past temporary service to Shri H.A. Makwana, Peon, is justified ? If not, to what relief is the workman concerned entitled ?"

2. The case of the workman Shri H. A. Makwana, as disclosed from the statement of claim filed on his behalf of the Assistant Secretary of the Gujarat Bank workers union (Ex. W/2) in short is thus :

The said workman was appointed as a peon on temporary basis at the Upleta Branch of the bank in the state of Gujarat in the vacancy of new appointee by the letter dated 18-6-1973 till new appointee reports for duty on a monthly salary of Rs. 116 plus other allowances. His services were terminated with effect from 12-9-1973. Again on 12-9-1973 he was appointed as a peon at the said branch upto 8-11-1973. Again on 12-11-1973 he was appointed as a peon upto 31-12-1973. On 11-1-1974 he was appointed as a peon on probation for period of six months.

On 11-6-1984 the said workman sent a letter to the Bank Management requesting that his period of temporary service be counted as a period of his probation for the purpose of the increment etc. as per the provisions contained in para 20.8 of the first Bipartite settlement of 1966. However, that request was rejected by the Bank Manager. In fact the Bank Management ought to have considered and treated the period of his temporary service as a part of the service on probation with effect from 19-6-1973 and he should have been granted the regular grade and increments. The union therefore prayed that this Tribunal should hold that the workman is entitled to the necessary benefits arising out of the provisions contained in para 20.8 of the first Bipartite Settlement and should direct the Bank Management to give him all the benefits, as claimed by him.

3. Para 20.8 of the first Bipartite Settlement runs thus :

"A temporary workman may also be appointed to fill a permanent vacancy provided that such temporary appointment shall not exceed a period of three months during which the Bank shall make arrangements for filling up the vacancy permanently. If such a temporary workman is eventually selected

for filling up the vacancy, the period of such temporary employment will be taken into account as part of his probation any period."

4. The Bank Management by their Written Statement (Ex. M/3) opposed the said claim of the workman, and in substance contended thus :

"No industrial disputes exists between the workman and the Bank Management as contemplated under Section 2(k) of the Industrial Disputes Act, 1947, and hence the present Reference is not tenable in law. The said workman has raised the industrial dispute 10 years after his claim and as such the present Reference is bad-in-law on the Doctrine of Waiver. Therefore this Tribunal has no jurisdiction to entertain and decide the present reference. The demand made by the workman is totally erroneous, misconceived and devoid of any substance.

5. The Bank Management further contended thus :

The said workman Shri H. A. Makwana was appointed as a peon purely on temporary basis with effect from 19-6-1973 at the Upleta Branch of the Bank. His services were terminated on 10-9-1973, as he was appointed purely on temporary basis. He was again appointed as a peon on temporary basis on 12-9-1973 and his services were terminated on 8-11-1973. He was again appointed as a peon on temporary basis from 12-11-1973 to 31-12-1973. Thereafter on 11-1-1974 he was appointed on probation for a period of six months on completion of which he was to be confirmed in services in the permanent post of the peon, provided his work and conduct were to be found satisfactory. He was confirmed in service on 1-8-1974. On 18-9-1981 on his own request the said workman was transferred from Upleta Branch to Dhoraji Branch of the bank. The workman's claim that the period of his temporary services should be considered as a part of his probationary service period under paragraph 20.8 of the Bipartite Settlement of 1966 is not tenable in law. Unless there is a specific rule that the temporary services rendered by an employee should be taken into consideration for the purpose of reckoning the seniority, it cannot be so done. There is no such specific rule in the abovesaid provisions of the Bipartite settlement. The permanent employee is not entitled to the benefits of the permanent services unless he is made permanent in service. In the present case the workman was made permanent with effect from 1-8-1974. The bank management therefore lastly prayed for the rejection of the prayer of the workman.

6. The Issues framed at Ex. 4 are :

- (1) Whether the Reference in question is incompetent and bad-in-law on the ground that the workman raised the industrial dispute about 10 years after the cause of action ?
- (1A) Whether no Industrial Dispute as contemplated under section 2(k) of the industrial disputes Act, exists, or existed between the parties ?
- (2) Whether this Tribunal has jurisdiction to entertain and adjudicate upon the present alleged industrial dispute ?
- (3) Whether the demand made by the workman is erroneous, misconceived, and without any basis of law or facts ?
- (4) Whether the action of the management of Union Bank of India, Rajkot in not granting the benefits of the past temporary service to Shri H. A. Makwana, Peon is justified ?
- (5) If not, to what relief is the workman concerned entitled ?
- (6) What Award ?

7. My findings on the said Issues are :

- * (1) No.
- (1A) industrial dispute existed.
- (2) Yes

- (3) Yes
- (4) Yes
- (5) Does not survive.
- (6) Award as per below.

REASONS

ISSUES Nos. 3 and 4 :

8. The said workman filed his affidavit (Ex. W/5) in support of his case, and he was cross-examined on behalf of the bank management. Shri A. S. Bhattacharya, Regional Manager of the Rajkot Region of the bank, filed his affidavit (Ex. M/7) in support of the case of the Bank Management, and was cross-examined on behalf of the workman.

9. The documentary evidence on record is thus :

Ex. 9 is a copy of the letter dated 18-6-1973 under which the said workman was appointed as a peon with effect from 19-6-1973. This letter clearly stated that the said workman Shri H. A. Makwana has been appointed in the bank's services temporarily as a peon at the Upleta branch till the new appointee reports for duty, after which his services would be deemed to have been terminated. The said letter further stated that his appointment was made on the express understanding that no right or claim whatsoever is meant to be conferred upon him for absorption in the Bank's permanent service in any cadre. As such, it is quite clear from the said letter that the said workman was appointed as a peon purely on temporary basis only. His services as a temporary peon were terminated with effect from 10-9-1973 by the letter dated 10-9-1973. He was again appointed as a peon on temporary basis by the letter dated 12-9-1973 (E. 11) and he had put in the services as a temporary peon from 12-9-1973 to 8-11-1973. It was made clear in this letter also that he was appointed temporarily as a peon till the new appointee reports for duty or upto 8-11-1973 which is earlier, and that no right is conferred upon him for absorption in the bank's permanent services. After his services were terminated on 8-11-1973, he was again appointed as a peon on temporary basis by the letter dated 12-11-1973 (Ex. 2) for the period from 12-11-1973 to 31-12-1973. Other terms and conditions of his service were the same as mentioned in the earlier letters. After his services were terminated as a temporary peon on 31-12-1973, he was appointed in the Bank services with effect from 11-1-1974 by the letter dated 11-1-1974 (Ex. 13) on probation for a period of six months, after which period his services were to be confirmed. in case his work and conduct were to be found satisfactory.

10. It is thus quite clear from the above said different letters of appointed that the workman was appointed purely on temporary basis from time to time from June, 1973 to December, 1973, that he was not in continuous services of the bank from June, 1973 to the December 1973 but that there used to be breaks again and again after having putting in the service for some period. Even after 31-12-1973 there was the break in his service, and thereafter he was appointed on probation with effect from 11-1-1974. As per the Clause 20.8 of the first Bipartite settlement of 1966 a temporary workman may also be appointed to fill the permanent vacancy. As there used to be the breaks in his service from time to time during the period of June to December, 1973, it cannot at all be said that the said workman was being appointed to fill in a permanent vacancy. The abovesaid clause 20.8 further stated that if such a temporary workman is eventually selected to fill up the vacancy, i.e. the permanent vacancy, the period of such temporary employment shall be taken into account as part of his probational service. The question therefore is whether the period from June 1973 to December, 1973 of the temporary service of the workman can be taken into consideration as a part of his probational duty. As he was not appointed to fill in the permanent vacancy and was he was not selected to fill up the permanent vacancy, the said period of six months from 18-6-1973 to 31-12-1973 cannot be taken into consideration as a part of his probational service. The workman is therefore not entitled to claim necessary benefits

of that period for the purpose of his increments and grade etc., as claimed by him. According to the bank management, the said workman was made permanent in service with effect from 1-8-1974, and he has been granted necessary benefits thereafter.

11. According to the Bank management, there is no provision in the said Bipartite settlement to the effect that the temporary service of the workman must be considered for counting the date of his seniority, even though his temporary service is considered for counting the probationary service. In this connection reliance was placed by the bank management upon the following cases. In the case of K. Venkateswarlu V/s. Union Bank of India of the Andhra Pradesh High Court it was held that unless there is a specific rule that "the temporary services rendered by an employee should also be taken into consideration for the purpose of reckoning seniority, the workman's seniority cannot be reckoned as prayed by him". In the case reported in 1975 (2) S.I.R. 750 between LIC V/s. K. M. Rami and Others, it was held by the High Court of the Rajasthan that the services rendered by an employee on temporary basis on fixed salary cannot be taken into consideration for the purpose of fixing the date of grade increment. The Orissa High Court in the case between Arunkumar Patnaik and Ors. V/s. State of Orissa reported in 1975 LAB IC p. 265 held that the period of contracted services on temporary basis cannot be counted as probationary period required for the confirmation.

12. Therefore, for the abovesaid reasons, the demand made by the workman, as contended by the bank management in their Written Statement, is erroneous, misconceived and without any basis of law and facts and as such the action of the bank management in not granting the benefits of the past temporary services to said workman is just and proper.

Issues Nos. 3 and 4 are therefore found in the affirmative.

ISSUE NO. 1

13. According to the Bank Management, the present Reference has been made 10 years after the accrual of the cause of action, and hence this reference is not tenable in law. However, as held by the High Court of Bombay in its recent Judgment, the Industrial Disputes Act does not apply to an application under Section 33(c)(2) of the Industrial Disputes Act, and as such the application filed after a lapse of time cannot be considered as a stale claim. The same principle applies to the filing of the Reference also. Therefore, even though the present Reference has been made 10 years after the cause of action, it cannot be considered as untenable or bad in law, and I find that it is quite tenable in law.

Issue No. 1 is therefore found in the negative.

ISSUE No. 1A

14. According to the bank management, no industrial dispute as contemplated under Section 2(k) of the Industrial Disputes Act exists between the parties in the present case. However, I find that it is not so. An industrial dispute, as defined under Section 2(k) of the Industrial Disputes Act, means "any dispute or difference between the employer and the workman which is connected with the employment, non-employment, or the terms of employment or with the conditions of labour of any person". The present dispute relates to the terms of employment or the conditions of labour of the said workman, and as such an industrial dispute existed between the parties.

Issue No. 1A is found accordingly.

ISSUE No. 2

15. According to the Bank Management, this Tribunal has no jurisdiction to entertain and decide the present Reference. However, as noted above, an industrial dispute existed between the parties. Further, the Central Government was of the opinion that an industrial dispute existed or is apprehended and hence it made the present Reference to this Tribunal for adjudication under Section 10(1)(d) of the Industrial Disputes Act. Therefore, this Tribunal has certainly jurisdiction to entertain and decide the present Reference.

Issue No. 2 is therefore found in the affirmative.

16. However, for the reasons mentioned above, I find that the action of the Bank Management in not granting the benefits of the past temporary services to the said workman is just and proper.

17. The following Award is therefore passed :

AWARD

The action of the Bank Management of Union Bank of India, Rajkot, in not granting the benefits of the past temporary service to Shri H. A. Makwana, Peon, is just, proper and legal.

The parties to bear their own costs of this Reference.

Tuesday, the 24th day of December, 1991

PRESENT :

THIRU M. GOPALASWAMY, B.Sc., B.L. (Industrial
Tribunal).

INDUSTRIAL DISPUTE NO. 39 OF 1989

(In the matter of the dispute for adjudication u/s. 10(1)(d) of the Industrial Disputes Act, 1947 between the workman and the management of Canara Bank, Madras-18).

BETWEEN

Thiru R. Mohan, 5, Gandhi Adikal Salai East, Kumbakonam, Thanjavur District, Tamil Nadu-612 001.

AND

The Deputy General Manager, Canara Bank, DCA, Circle Officer, 563/1, Anna Salai, Teynampet, Madras-600 018.

REFERENCE : Order No. L-12012/870/88-D.II(A), dt. 13-4-1989, Ministry of Labour, Government of India.

This dispute coming on for final hearing on Monday, the 7th day of October, 1991 upon perusing reference, claim and counter statements and all other material papers on record and upon hearing the arguments of Thiruvalargal R. Balakrishnan, V. Girish Kumar and T. Gandhi, Advocates appearing for the workman and of Thiruvalargal T.S. Gopalan, P. Ibrahim Kalifula and S. Ravindran, Advocates appearing for the Management and this dispute having stood over till this day for consideration, this Tribunal made the following.

AWARD

This dispute between the workman and the management of Canara Bank, Circle Office, Madras arises out of a reference under section 10(1)(d) of the Industrial Disputes Act, 1947 by the Government of India in its Order No. L-12012/870/ 88-D.II(A), dated 13-4-1989 of the Ministry of Labour for adjudication of the following issue :

"Whether the action of the management of Canara Bank in dismissing from service Shri R. Mohan, Clerk is justified ? If not, to what relief is the workman entitled?"

2. The worker alleges in the claim statement as follows : being an ex-serviceman he took up employment under the Respondent in 1978 and joined as temporary supervisor in the main branch of the Respondent-Bank in April, 1983. He was given a charge memo dated 7-3-1984 enlisting six charges. The first charge is that the Petitioner authorised issue of a bogus cheque book in an irregular manner on 14-12-83 in the Savings Bank Account No. 8644 of Thiru N. Madhivanan when in fact the said account number belonged to one Thiru Govindarajan and the same was closed on 24-11-1983. The second charge is that he carried over the entries of Savings Bank Account No. 4400 of Dr. Kousalya in a new ledger sheet without entering all the relevant details. The third charge is that the Petitioner entered S. B. Account No. 4400 in the cheque allegedly drawn by Dr. Kousalya and further debited the amount of Rs. 21,000 paid under that cheque to the payee Thiru Govindan from the account of Dr. Kousalya on 6-1-1984. The fourth charge is a similar one, namely entering the account number of Dr. Kousalya in another cheque for Rs. 500 and paying the said amount to Thiru Govindan from the account of Dr. Kousalya on 21-4-1984. The fifth and sixth charges pertain to the closure of the account of Dr. Kousalya on 27-1-1984 by paying the value of the last cheque allegedly issued by Dr. Kousalya for Rs. 49.09 by issuing a bogus demand draft payable to the said Kousalya with her address at Namakkal, Salem. The Respondent's case is that the operation of Savings Bank account No. 4400 of Dr. Kousalya by payments made through three bogus cheques, taken out from irregular cheque book issued to one Thiru Madhivanan had been done mainly by the Petitioner herein in the absence of any genuine cheque book issued to Dr. Kousalya and under cheques not really drawn by her on the three occasions.

3. To the charge memo, the Petitioner did not give a reply as he wanted copies of four important documents kept in the custody of Respondent before giving a reply. A domestic enquiry was held into these charges. After the domestic enquiry officer gave his findings and when the proposed punishment was intimated to the worker, his defence assistance gave a detailed explanation on 31-8-1984 to the domestic enquiry officer. The four documents whose copies have not been purposely furnished with a view to screen the misconduct of the II line Manager Thiru Ramasamy and the Senior Manager Ganapathy of the Kumbakonam Main Branch are : (1) Cheque requisition slip on whose basis the questionable cheque book had been issued to Thiru Madhivanan on 14-12-1983; (2) the previous ledger sheet of Dr. Kousalya's S. B. Account relating to the period from January, 1976 to January, 1983; (3) the last cheque presented on 27-1-1984 and (4) the investigation report made by one Mr. Kamath who did the investigation prior to the framing of charges. These valuable documents which have been in the custody of the Respondent are surprisingly stated to be missing. The domestic enquiry officer has wrongly concluded in the absence of any evidence that the Petitioner has been guilty of all the charges. Finally the Respondent passed an order dismissing the Petitioner from service as a clerk. Challenging the said order of dismissal, the Petitioner filed W.P.No. 7429/85 in the High Court, Madras which came to be finally dismissed with an advice that the petitioner has an adequate alternative remedy through an Industrial Dispute. The Respondent has no authority to have issued the charge memo and the suspension order in terms of the Service Code of the Respondent which has become inoperative as soon as the Respondent came to be nationalised. Proceedings against the Petitioner should have been taken only under the Sastri Award and the various agreements governing the employees. Hence the domestic enquiry and the final order of dismissal are illegal and void ab initio.

4. The non-furnishing of the four vital documents above mentioned has vitiated the domestic enquiry proceedings. Thereby, principles of natural justice have been violated in holding the enquiry. Copies of the said documents have not been furnished deliberately in order to protect the Second Line Manager Thiru Ramasamy. The findings recorded by the domestic enquiry officer are against the evidence and perverse. The Petitioner's case that the issue of questionable cheque book was not authorised by him, that his signature has been forged in the cheque Issue Register and that in the absence of the cheque requisition slip, his responsibility for having issued the questionable cheque book to one Thiru Madhivanan or somebody else has not been proved, should have been accepted by the domestic Enquiry Officer. Likewise, without production of the previous ledger sheet, the domestic enquiry officer ought not to have held that the Petitioner entered S.B. Account No. 4400 in the three cheques which were honoured from account of Dr. Kousalya. The Petitioner is not at all connected with the payment of Rs. 21,000 on 6-4-1984 to one Thiru Govindan from the account of Dr. Kousalya and on the other hand, the persons guilty of that payment are M.W.1 to 3 and the II Line Manager Ramasamy. Likewise, the Petitioner is not guilty of passing the cheque for Rs. 500 on 21-4-1984 because a few days earlier, the cheque for Rs. 21,000 has been paid out under the authority of the Accountant and the Petitioner has infact taken the consent of Second Line Manager to pay Rs. 500 in favour of one Thiru Govindan. Finally, charges 5 and 6 regarding the final closure of S.B. Account 4400 of Dr. Kousalya was done only on a letter allegedly emanating from Dr. Kousalya and produced by M.W.1 Isaimozhi and as directed by other officials in the Bank. The purported specimen signature card of Dr. Kousalya, on whose strength the questioned cheque book was issued and subsequently three cheques were honoured and finally the account was closed, was not an authenticated specimen signature card and no officer has verified the said card. This important fact coupled with the missing of these genuine specimen signature card of Dr. Kousalya is sufficient to hold that the charges have not been proved. However, the domestic enquiry officer was biased against the Petitioner. After the Management witnesses gave evidence against the Petitioner, they were also charge-sheeted for their acts of misconduct in the matter of the S.B. Account of Dr. Kousalya. Thus the delay in issuing the charge memos to the witnesses is due to the Management's pressure put on these witnesses to depose against the Petitioner. However, only M.W.1 Isaimozhi has given some evidence affecting the Petitioner. The Respondent's case that the original specimen signature card belonging to Dr. Kousalya and other material documents have been taken away and destroyed by the Petitioner, is a tall claim. They are documents kept under double lock and hence the Petitioner could have no access to them. The key holders of the double lock strong room where these records are kept have been guilty in different degrees. The Petitioner has not received any part of the money paid out under the three cheques from the account of Dr. Kousalya. The payee under the first two cheques Mr. Govindan was seen only by M.W.3 Malathi, the permanent Supervisor and who had infact was a party to the payment of Rs. 21,000 under the first cheque on 6-1-1984. The Respondent has not at all taken any action against the officer who passed the cheque for Rs. 21,000 but only an order for recovering the said amount from his salary has been passed. This approach of the Respondent clearly reveals that the Respondent has been vindictive and partial in dealing with the Petitioner. The final conclusion reached by the punishing authority based on the untenable findings of the domestic enquiry officer is illegal and contrary to evidence. Hence the punishment is liable to be set aside and the Petitioner is entitled to be reinstated with back wages, continuity of service and other attendant benefits.

5. The Respondent in its counter states as follows : The Petitioner has not discharged his duties in accordance with the established procedure in the matter of issuing the cheque book in S.B. Account No. 8644 in the name of Thiru Madhivanan, in opening a new ledger sheet for the S.B. Account of Dr. Kousalya and in passing the third cheque for Rs. 49.09 on 27-1-1984. A cheque book should be issued only after verifying the requisition slip or letter and verifying the signature in the specimen signature card, making necessary entries in the Cheque Book Issue Register and entering the account number in all the leaves of the cheque book. When using a new ledger sheet, after the original ledger sheet is fully used, relevant entries should be made in Loose Leaf-Ledger Sheet Issue Register. Likewise, before authorising payment of cheque, the petitioner should have verified drawer's signature with that in the specimen signature card. Similarly, the petitioner has not performed his duty in the matter of closing the account of Dr. Kousalya after paying third cheque on 27-1-1984. In all these matters, the Petitioner has committed grave acts of misconduct in a fraudulent manner punishable under clauses (i) and (j) of regulation 3 of Chapter XI of the service code. The fraud came to be discovered after a close relation of Dr. Kousalya approached the Branch for transferring the account to Mayiladuthurai Branch.

6. In the account closing endorsement in S.B. Account No. 4400 of Dr. Kousalya, the Petitioner has initialled with in the rubber stamp and he also has written the endorsement itself along with account holder's name and Address. TM: withdrawal of the last amount Rs. 49.09 was also authenticated by the Petitioner in the new ledger sheet. Instead of the original specimen signature card of Dr. Kousalya, a spurious specimen signature card has also been planted. The request letter for closing the account of Dr. Kousalya has also been a forged one. The relevant original documents containing the signatures of Dr. Kousalya and the original ledger sheet of her S. B. Account 4400 were found missing when a departmental investigation was conducted by Mr. Kamath prior to the issue of charge memo. After the said investigation it was found that the Petitioner has committed the various acts of fraud and hence a charge sheet was issued to him on 7-3-1984. The first charge is in respect of Petitioner's fraudulent issue of cheque book to one Thiru Madhivanan and having issued and possessed the said cheque book himself fraudulently. The other charges are as described in the charge memo. Before the Departmental investigation Officer Mr. Kamath, the Petitioner has admitted certain facts which prove his guilt.

7. At the domestic enquiry, four witnesses have been examined. The Enquiry Officer found that all the charges have been proved. He proposed a punishment of dismissal and gave a personal hearing to the Petitioner on 22-12-1984. Thereafter the domestic enquiry officer recommended awarding punishment of dismissal. Thereupon the Deputy General Manager issued the order of dismissal on 4-5-1985. The Petitioner deserves this extreme punishment for the grave acts of misconduct committed in respect of the S. B. Account No. 4400 of Dr. Kousalya and thereby causing loss to the respondent. The report of the Departmental Investigation Officer was not furnished to the Petitioner, because the Respondent did not put up the Investigation Officer as a management witness at the domestic enquiry. The Petitioner has cleverly called for the supply of documents which he himself has removed and destroyed. The absence of documents found missing does not affect the otherwise material evidence available and the quality of proof. The findings of the domestic enquiry officer are perfectly correct. The domestic enquiry has been held fairly and in accordance with the principles of natural justice and the rules. The other officers involved in the fraudulent transactions concerning S. B. Account No. 4400 of Dr. Kousalya have been held liable to reimburse the Bank for the money lost and punishment of censure and reduction to the lower stage in the time scale of pay has been given to them. There is no merit in the claim petition and it is liable to be dismissed.

8. The points that arise for determination are as follows :—

(1) Whether the domestic enquiry has been conducted with fairness and in accordance with the statutory rules or service code ?

- (2) Whether the evidence has proved the charges and the domestic enquiry officer's findings are sustainable ?
- (3) Whether dismissal is an unjust and extreme punishment ?
- (4) To what relief ?

9. POINT NO. 1.—The charge-sheeted employee Thiru R. Mohan (hereinafter called CSE) who is the Petitioner herein has given evidence as W.W.1 before us. At the domestic enquiry conducted by Thiru Pandurangan, M.W.1 Isaimozhi, a Clerk under probation; M.W.2 Thiru Swaminathan, the Accountant; M.W.3 Thirumathi Malathi who is the Special Assistant and M.W.4 Thiru Ganapathy, the Senior Manager, all of them working at the material time in the Kumbakonam Main Branch of the respondent have given evidence to prove the six charges levelled against CSE. The acts of misconduct leading to the charges are fraudulent issue of a cheque book to one Thiru Madhivanan's S. B. Account No. 8644 on 14-12-1983, irregular carrying forward of entries in a new ledger sheet in the S. B. Account No. 4400 Dr. Kousalya, entering S. B. Account No. 4400 in the cheque leaves issued to Thiru Madhivanan fraudulently and thereby facilitating the passing of three cheques drawn on the account of Dr. Kousalya. On 6-1-1984, 21-1-1984 and 27-1-1984 respectively and finally closing the S. B. Account of Dr. Kousalya on 27-1-1984, on the authority of a forged letter, by paying out the proceeds of the last cheque through a demand draft drawn in favour of Dr. Kousalya herself on the Salem Branch of the Respondent. At the domestic enquiry, the delinquent examined D.W.1 Thiru Anantharaman, th Accountant of the Thanjavur Branch of the Respondent and Daftary (Peon) Mr. Govindasamy was examined as D.W. 2. At the enquiry, held in this Tribunal, Exs. M-1 to M-60 have been marked by consent.

10. The facts constituting the alleged acts of misconduct of the CSE and related material facts as appearing in the recorded evidence can be briefly summed up as stated below : Dr. Kousalya had S. B. Account No. 4400 in the Canara Bank Main Branch, Kumbakonam from 1974 onwards. A new ledger sheet for this account whose copy is Ex. M-7 (M.E.6 in the domestic enquiry) has come to be prepared on 3-6-1983 by taking out a loose ledger sheet on the ground that the earlier (or original) ledger sheet has been exhausted. Six months after this date (i.e.) on 14-12-1983, a spurious cheque book containing the leaves 110, 261 to 110, 270 has been issued allegedly under the direction of the CSE to someone called Madhivanan with S.B. Account No. 8644 while in reality the S. B. Account number of real Madhivanan is 8646 and 8644 belonged to another customer Govindarajan. Thus the cheque book was issued to a non-existent account by dishonestly clubbing the account holder's name Thiru M. Madhivanan with another man's S. B. account number. Ex. M-4 is the copy of the entries in Cheque Book Issue Register dated 14-12-1983, made by M.W.-1 Isaimozhi.

11. In the fraudulent cheque book (leaves) issued in the name of Thiru Madhivanan, the S. B. Account No. 4400 of Dr. Kousalya has been written by the CSE and the entire cheque book was kept by him in his custody from the date of issue till its destruction on 27-1-84. The cheque leaf No. 110262 for Rs. 21,000 in favour of Thiru S. Govindan, in S.B. Account No. 4400 was presented on 6-1-1984 and passed by M.W. 2 Swaminathan and the amount was paid out by M.W.3 Malathi to the impostor Govindan. Likewise, cheque No. 110263 for Rs. 500 in favour of another Govindan was paid from the S.B. Account No. 4400 on 21-1-1984 and this cheque was passed by CSE himself. The third cheque No. 110264 for Rs. 49.09 was passed on 27-1-1984 on the strength of a forged letter purportedly written by Dr. Kousalya and the words for closing the account were written by CSE on the forged letter whose copy is Ex.M-15 dt. 25-1-84. The payment of the proceed of the last cheque has been effected by issuance of a demand draft drawn on the Salem Branch and payable to Kousalya. M.W.1 Isaimozhi, a probationary clerk has entered service of the bank for the first time on 1-9-1983 in the Kumbakonam Main Branch and she started working in the S.B. Account section thereof only from October, 1983 when the

fraudulent cheque was issued on 14-12-1983. The responsibility fastened upon CSE in issuing the fraudulent cheque book to a non-existent S.B. Account (i.e. already closed account) No. 8644 is sought to be proved by the facts namely :

- (a) he authorised the issue of the cheque book by suitably instructing M.W.1 Isaimozhi to make entries in Ex. M-4.
- (b) CSE initialled in the relevant column of the cheque issue register in which the other entries are admittedly written by M.W.1 Isaimozhi—vide Ex. M-4.
- (c) he himself received and retained cheque book till its destruction.

12. The evidence of M.W.1 Isaimozhi discloses that she very much relied upon the counsel of Thiru Ramanathan, another employee in severally dealing with S.B. Account No. 4400 and had consultation with him rather than with CSE, that she made the entries in the Cheque Issue Register Ex.M-4 without caring to see even the cheque requisition slip (or form) (which itself is a bogus slip bearing the forged signature of Dr. Kousalya) and without verifying it with a bogus specimen signature card, Ex. M-1 bearing the forged signature of Dr. Kousalya and that she made the entries blindly even when CSE was flaunting the fraudulent cheque book in his hand and requesting her to note down the name, S.B. Account number, etc., in the Cheque Issue Register and she gullibly obeyed his instructions. The evidence on the whole of M.W.1 who was a novice in banking service is quite incredible. In such a context, the management should have examined the employee Thiru Ramanathan as its witness to plug the loop holes or prove the truth. More importantly, the Second Line Manager Thiru Ramasamy who according to CSE was the brain behind the whole series of operations and who directed the operation of closing the account of Dr Kousalya on 27-1-84 and also the issuance of demand draft on Salem Branch, should have been examined by the management as its witness. The domestic enquiry officer's view and the Respondent's stand that these two persons are not necessary witnesses on the side of the management are devoid of reason. This is more so since the respondent had suggested that Ramanathan had received and used the fraudulent cheque book and that M.W.2 Swaminathan is the person who authorised the payment of Rs. 21,000 on 6-1-84 for Ex. M-11 cheque by acting in concert with M.W.3 Malathi Raghavan. Leaving aside the non-examination of crucial witnesses, the Respondent has failed to furnish four or five crucial documents to the CSE and pleaded inability to produce them as evidence on the ground that they are missing and non-traceable and that the CSE himself has removed those vital documents and suppressed them. These documents are :

- (a) The true specimen signature card of Dr. Kousalya which was issued to her in 1974.
- (b) The various cheque requisition slip on whose basis the fraudulent cheque was issued on 14-12-1983.
- (c) The original ledger sheet for the period June, 1978 to June, 1983 of S.B. Account No. 4400 of Dr. Kousalya against which loose ledger sheet was later prepared by CSE.
- (d) The last cheque for Rs. 49.09 dated 27-1-1984.

The so-called missing document mentioned (a), (b) and (d) along with the cash slip bundles (which should be kept along with the cheques) were all kept according to practice in safe custody under double lock. The double holders are two senior officers, that is, second line Manager and the Accountant vide deposition of M.W.4 Thiru Ganapthy, the Senior Manager. It is a strange and untenable claim that these crucial documents preserved under double lock has been removed stealthily by CSB Thiru R. Mohan. The loss and consequent non-supply of these documents to CSE at the domestic enquiry is a most serious flaw going to the root of fairness of the domestic enquiry. Failure of the Respondent to furnish copies of these documents to CSE and the non-production till today coupled with the non-examination of Second Line Manager Thiru Ramasamy and another emp-

loyee Thiru Ramanathan makes the whole enquiry unfair and vitiates the entire proceedings culminating in the findings of the domestic enquiry officer Ex. M-28. I therefore, hold on Point No. 1 that the domestic enquiry has not been conducted with fairness and the same is vitiated even though it might have been carried on in accordance with the service Code of the Respondent.

(13) If our answer to Point No. 1 has been in favour of the Respondent and assuming that it is so, we proceed to decide Point No. 2 on the correctness of the domestic enquiry officer's findings. It is necessary to arrive at our own findings on the basis of further evidence let in before us and also the evidence already given before the domestic enquiry officer.

(14) CSE Thiru R. Mohan has put his initials in the Cheque Issue Register Ex.M-4 on 14-12-1983. He has not denied the correctness of his initials. Further more, he has written the account closing endorsement in the new ledger sheet Ex.M-7 on 27-1-1984. M.W.1 Isaimozhi deposed that in Ex. M-7 in the last but one line against the date 27-1-1984, the Petitioner (CSE) has written the word 'NIL' and also put his initials. For closing the account, according to the management witnesses, the words "cheque leaves 264 to 270 obtained and destroyed" written on the spurious letter Ex.M-51 (whose copy is Ex.M-15) were also written by CSE R. Mohan I find that this evidence is credible and is sufficient to hold that the CSE initialled in the Cheque Issue Register Ex. M-4 after verifying the entries made by M.W.1 Isaimozhi and played a part in paying the way for the issue of the fraudulent cheque book and that he also made the endorsement in Ex.M-7 new Ledger sheet and Ex.M-51 letter. The Investigating Officer Mr. Kamath after whose investigation, the Respondent was placed under suspension has given Ex.M-36 report. In this report at page 20, Investigating Officer Mr. Kamath has opined that the delinquent Mohan should have committed the fraud with the help of an accomplice M.W.4 Thiru Ganapthy in his cross-examination answered that he could not say how many persons would have colluded together in swindling the monies of Dr. Kousalya by resorting to a series of fraudulent acts. It is therefore obvious that CSE R. Mohan by himself could not have authorised the issue of the irregular cheque book for an account already closed and that M.W.1 Isaimozhi who is a party involved should have been guided by persons other than Thiru R. Mohan as well. The significant fact is that the cheque No. 110262 favouring one imposter Thiru Govindan to the tune of Rs. 21,000 was paid under the direction of M.W.2 Thiru Swaminathan without even realising that the real specimen signature card of Dr. Kousalya has been replaced by a forged specimen signature card Ex.M-1. Hence domestic enquiry officer's findings that the temporary supervisor Mohan alone has authorised the issue of the bogus cheque book on 14-12-1973 does not appear to be sound and it is liable to be modified, in my view, into a finding that he was responsible along with others for the issue of the irregular cheque book. I find that the second charge, namely, opening a new ledger sheet and carrying over the entries from the old sheets to the new sheet were done by CSE R. Mohan. So far as the third charge relating to payment of Rs. 21,000 on 6-1-1984, the Respondent has no hand in it and hence I hold that it is not proved. I hold that payment of Rs. 500 under the second cheque on 21-4-1984 was okayed by CSE and hence the said charge is also proved. I find that the CSE R. Mohan is guilty of playing a part in the acts of misconduct covered by fifth and sixth charges (i.e.) closing the account of Dr. Kousalya by paying the proceeds of Rs. 49.09 by issuing demand draft to Dr. Kousalya with a fictitious address. I further hold that he has entered Savings Bank Account No. 4400 in the cheque leaves of the irregular cheque book. All these acts of misconduct constitute acts punishable under clauses (i) and (j) of Regular 3 of Chapter XI of the Canara Bank Service Code. I answer point No. 2 accordingly.

14. POINTS 3 and 4: This is a case of fraud committed not by the CSE alone but by more than two or three employees working in the same Branch of the Respondent-Bank, all acting in collusion. M.W. 2 Swaminathan, M.W. 3 Malathi and M.W. 1 Isaimozhi have also been subjected to dis-

disciplinary proceedings, but the Respondent-Bank has chosen to give only minor punishments to them. There cannot be a different yardstick with which we can inflict a serious punishment on the Petitioner (CSE) alone such as dismissal from service. On a consideration of the facts and circumstances of the case, I am of the opinion that the punishment of dismissal is extremely severe and discriminatory on a comparison with what has been given to M.W. 2 Thiru Swaminathan. Therefore, the punishment of dismissal is liable to be set aside and in its place, the Petitioner can be given by the Respondent a lesser punishment similar to the one awarded to M.W. 2 Thiru Swaminathan. The Respondent is at liberty to impose it on the CSE. The Petitioner (CSE) has to be reinstated with continuity of service, back wages and other benefits. opint Nos. 3 and 4 answered accordingly.

15. In the result, an award is passed directing the Respondent-Bank to reinstate the Petitioner (CSE) Thiru R. Mohan in service with back wages, continuity of service and other attendant benefits. No costs.

Dated, this 24th day of December, 1991.

M/s. Associated Lawyers, M.G. Road, Cochin-11.
..For Workman No. 1.

M/s. K. Balachandran and M. Jayakumar, Advocates,
Desabhimani Road, Cochin-17 ..For Workman
No. 2.

AWARD

"Whether the action of the management of Indian Bank in terminating the services of S/Sri P. G. Narayanan and C. H. Ramachandran, Temporary Sub staff and not considering them for further employment while recruiting fresh bands under Section 25-H of the I. D. Act is justified ? If not, to what relief are the workman concerned entitled?" is the issue referred for adjudication to this Court as per Order No. L-12012/677/87-D.II (A) dated 28th July, 1988 by the Government of India.

2. The workman No 1 has filed a claim statement stating as follows :—

The workman was engaged as a temporary peon in Indian Bank, Pappinisseri Branch from 2-1-79. At that time he had completed S.S.L.C. His name was also registered in the Employment Exchange, Cannanore (Registration No. 5217/77 dated 21-6-77). The services of the workman were dispensed with effect from 1-4-81 on the ground of his over qualification. After 3 years the workman was re-appointed from November, 1984. By letter dated 3-5-85 the services were terminated on the ground that the worker could complete only 51 days of work as on 31-12-1984. The Bank has taken a decision to give continuous employment only to those who could work for 120 days as on 31-12-84. If the workman was not disengaged on 1-4-81, he could have got 120 days of work. But for the illegal termination in April, 1981, he could have continued without any hindrance. His termination in April, 1981 is illegal, because juniors to this workman are still continuing in service without being retrenched. In fact, subsequently they were confirmed as

permanent peons over-looking the claims of the workman. If the number of days worked is taken into account from the date of initial appointment in the Bank from January, 1979 he had worked more than 120 days. Since his termination in April, 1981 is illegal he should have been treated as in continuous employment and therefore he got 120 days as on 31-12-1984. The workman belongs to Scheduled Caste and his case ought to have been considered by the Bank in accordance with the special rules treatment extended to said candidates under the constitution and the various orders regarding employment in the public sector undertaking. The retrenchment of the workman in 1981 is illegal and recruitment of fresh hands overlooking the claims of the workman is bad as violative of Section 25-H of the Industrial Disputes Act.

3. The Indian Bank Employees union has filed a claim statement stating as follows :—

Shri P. G. Narayanan is a member of this Union. He has been engaged as a temporary sub-staff in the Indian Bank for the various periods from 5-9-1979. In the year 1985 certain permanent vacancies were arisen in the Bank under the category of sub-staff. Though Shri P. G. Narayanan was working in the Bank for various periods from the year 1979, he was denied employment with effect from April, 1985 without assigning any reasons. The Management has instead of employing Shri P. G. Narayanan started recruiting fresh hands through Employment Exchange. This union has objected to the said practice of the Bank. The Bank has resorted to recruit fresh workman through Employment Exchange just to harass and to deprive Shri Narayanan of his claims for permanency. The work which was being done by Shri P. G. Narayanan is now being done by fresh workman who were recruited subsequently. Shri Narayanan's service in the Bank was dispensed with for want of vacancy. Hence it is a case of retrenchment. Whenever vacancy arises in that post he has got a preferential claim for employment. Shri Narayanan's case does not come under any of the exceptions of Section 2(oo) of the I. D. Act. According to Section 25 (H) of the I. D. Act where any workmen are retrenched and the employer proposed to take into his employ, any person he shall, in such manner as may be prescribed, give an opportunity to the retrenched workmen who are citizen of India to offer themselves for re-employment and such retrenched workmen who offer themselves for re-employment shall have preference over other persons. According to rule 78 of the Industrial Disputes (Central) Rules, 1957 the employer shall atleast 10 days before the date of which vacancies are to be filled arrange for the display on a notice board in a conspicuous place in the premises of the Industrial Establishmen, details of those vacancies and shall also give in norms of those vacancies by registered post to everyone of all the retrenched workman eligible to be considered therefore. The management has neither published any notice of vacancy nor it is served any intimation to the concerned workman. P. G. Narayanan is entitled to continue employment as a sub-staff from April, 1985. Since his claim for employment was not properly considered by the management, his further right for permanency in the post is also adversely affected. So an award declaring the action of the management is not offering Shri P. G. Narayanan employment from 1985 as illegal and to direct the Bank to pay back wages and to grant continuous service and other consequential benefits to P. G. Narayanan may be passed.

4. The Management has filed a written statement contending as follows :—

The claim put forward by the workman are unsustainable. The workman Shri C. H. Ramachandran was first engaged on 2-1-78. He is studied up to S.S.L.C.

whereas the prescribed qualification was 7th standard. So he was dis-engaged in April 1981 on the ground that he was over qualified. He was again engaged from 3-11-1984 and his service was terminated on 3-5-1985 on the ground that he did not complete 120 days as on 31-12-1984, as per the understanding arrived at between the management and recognised unions. The personnel Department of the Bank had issued a circular dated 16-8-1983 delegating powers of appointment of sub-staff in permanent vacancies. The educational qualifications was fixed as minimum qualification a pass in 5th standard and maximum qualification a pass in 7th standard. In view of the guidelines issued by the Government in respect of the sub-staff sponsored from Employment Exchange, it is not possible to allow candidates to continue in the panel if their appointment was after 1-4-1981. The Bank has issued revised guidelines for engagement of candidates in temporary panel on 25-4-1985. As per the said guidelines those candidates who were included in the panel before 1-4-1981 and not sponsored by Employment Exchange but having valid registration in Employment Exchange can continue in the panel. It was also made clear that such person should have worked for 120 days as on 31-12-1984. In the light of the revised guidelines the services of the workmen were terminated. The averment that the termination of workmen were illegal is not correct and hence denied. Both workmen have not completed 120 days of service as on 31-12-1984. Only those have not completed 120 days and having other qualifications prescribed in the guidelines were retained in service. The management had not overlooked the claims of the workmen and had not violated Section 25(H) of the Industrial Disputes Act, as alleged in the statement. The workmen will not come within the ambit of the definition of workman as contemplated under Industrial Dispute Act. Under the revised guidelines 7 other persons were also terminated along with both workmen. The allegation of the workman P. G. Narayanan, that he is entitled for continuous emppoyment as sub-staff from April, 1985 is not based on any substance. The workmen were not retrenched as alleged in the statement but they were terminated on the basis of the guidelines issued by the Bank from time to time. The workmen were disengaged from the panel of sub-staff as they did not have the required qualifications as laid down in the norms set out by the Central Office of the Bank. The employment of the workmen were purely on casual and temporary basis and that they will not have any right for permanency in their post. To minimise the hardships caused to the temporary sub-staff by terminating them in compliance with the guidelines an understanding was made with the recognised unions, it was decided to allow temporary employees to continue in the panel if they have worked for 120 days as on 31-12-1984. Both workmen have not completed 120 days and in the circumstances, there was no other alternative for the management except to disengage them. Notice under Section 9(A) of the Industrial Disputes Act has to be issued only when there is any change in service condition of workmen in respect of any matter specified in the 4th schedule of the Act. In this case, as the workmen did not satisfy the norms they were dis-engaged from further employment. Moreover, as the workmen have not worked for a period of 240 days during the period of 12 calendar months and since they have not been made permanent, the necessity to give notice does not arise. The termination of both workmen are not violative of any of the provisions of the Industrial Disputes Act.

5. The points that arise for consideration are whether the action of the management of Indian Bank in termination the services of P. G. Narayanan and C. H. Ramachandran, temporary sub-staff is justified. If not, what relief they are entitled to.

6. For the Management MW-1 was examined and Exts. M-1 to M-3 were marked. For the workmen MW-1 was examined and Ext. W-1 was marked.

7. Points.—The issue referred for adjudication is relating to the termination of services of two workmen namely, P. G. Narayanan and C. H. Ramachandran, temporary sub-staff in Management Bank. C. H. Ramachandran was engaged as a temporary peon in Indian Bank, Pappinissery Branch from 2-1-1979. While he was working, his service were terminated with effect from 1-4-1981 on the ground of over qualification. But after 3 years he was re-appointed from November, 1984. By letter dated 3-5-1985, his service were terminated on the ground that he would complete only 51 days of work as on 31-12-1984. The Bank was taken a decision to give continuous employment only to those who worked for 120 days as on 31-12-1984. According to this workman if he was not dis-engaged on 1-4-1981, he could have got 120 days of work. But for the illegal termination in April, 1981 he would have continued without any hindrance. Therefore his termination in April, 1984 is illegal and his juniors were continuing in service as peon and they were confirmed as permanent peons overlooking the claims of the workmen. So he is entitled to get the benefits of Section 25(H) of the Industrial Disputes Act. But the management would contend that he was engaged for 51 days on casual and temporary basis and he was first engaged on 2-1-1978. In view of the guidelines issued by the Government in respect of the sub-staff sponsored from Employment Exchange, it is not possible to allow candidates to continue in the panel, if their appointment was made after 1-4-1981. The bank has issued revised guidelines for engagement of candidates in temporary panel on 25-4-1985 and as per the said guidelines those candidates who were included in the panel before 1-4-1981 and not sponsored by Employment Exchange but having valid registration in Employment Exchange can continue in the panel. It was also made clear that such person should have worked for 120 days as on 31-12-1984. Since the workman has not worked for 120 days as on 31-12-1984, he was dis-engaged from his service in conformity with the directions contained in the guidelines. Since he has no continuous service of 240 days he is not entitled to get any benefit under Section 25(H) of the Industrial Dispute Act. He is also not entitled to get any benefit in the agreement entered into between the union and the management as is evidence by exhibit M-1 since he is not worked for 122 days as on 31-12-1984. Therefore he is not entitled to get any relief in the reference. The vital question to be considered is whether the workman C. H. Ramachandran has completed 120 days of service as on 31-12-1984 for getting the benefit of the agreements as is evidence by exhibit M-1. It is true that the workman has not continuous service of 240 days for getting the benefit of Section 25(H) of the Industrial Dispute Act. But it is not stated in the claim statement filed by the workman Ramachandran how many days he worked as on 31-12-1984. But it is stated in the written statement filed by the management that he has worked only for 51 days as on 31-12-1984. The learned counsel for the workmen would argue that the MW-1 would depose that he worked 59 day, as on 31-12-1984. But on perusal of the testimony of MW-1 it can be seen that he has worked for 99 days. But it is pertaining to note that for getting the benefits of exhibit M-1 agreement he is to work for 120 days as on 31-12-1984. There is absolutely no evidence in this case to show that the workman Ramachandran has worked in the management bank for 120 days as on 31-12-1984 taking into consideration the festival and national holidays and the weekly holidays. But if the workman was not disengaged on 1-4-1981, he would have got 120 days of work. But for the illegal termination of his service in April, 1981 on the ground of over qualification he could not have continue in service for acquiring the service of 120 days. Anyhow since he has not acquired the service of 120 days as on 31-12-1984, he will not get any benefit as per exhibit agreement M-1. In this circumstances I find that the workman Ramachandran is not entitled to any relief in this reference and his service were not terminated, but he was dis-engaged on account of lack of 120 days of work. Therefore he is not entitled to get any benefit of Section 25(H) of the Industrial Dispute Act also.

8. The workman Shri P. G. Narayanan was also engaged as a temporary sub-staff in the management bank for various periods from 5-9-1979. He was continuously working in the bank from 24-10-1984 and he was denied employment with effect from April, 1985. According to the workman his service was dispensed with for want of vacancy, but the bank has resorted to recruit from workmen through Employ-

ment Exchange just to harrass and to deprive him of his claim for permanency. He would further allege that he worked in the establishment for 120 days as on 31-12-1984, so that he is entitled to get the benefit of the terms in Exhibit M-1 settlement. The management would contend that the service of this workman was not terminated but he was dis-engaged from the panel of sub-staff as he did not have required qualification as laid down in norms set out by the Central Office of the bank. And the employment of this workman was purely on casual and temporary basis and he will not have any right for permanency in this post. But to minimise the hardship caused to the temporary sub-staff by terminating them in compliance with the guidelines it was decided to allow temporary employees to continue in the panel if they have worked for 120 days as on 31-12-1984. It is further contended that notice under Sec. 9(A) of the Industrial Dispute Act has to be issued only when there is any change of service condition of the workman. And he is also not entitled to get the permanency in service as he is not worked for 240 days during a period of 12 calendar months.

9. It is come out in evidence that the workman Narayanan was engaged by the management bank as a sub-staff on casual and temporary basis with effect from 5-9-1979 and he has worked as such till 10-5-85. Eventhough he is claiming permanency in service he did not have worked for 240 days during a period of 12 calendar months. So he is not entitled to get the benefit of Sec. 25(F) of the I. D. Act. Since he is not entitled to get the benefit of Sec. 25(F) of the I. D. Act, he is not entitled to get the benefit of Sec. 25(H) of the I. D. Act. But the learned counsel for this workman would argue that this workman is entitled to get the benefit of the terms in Ext. M-1 since he is worked in the bank for 120 days as on 31-12-1984. Clause (2) in Ext. M-1 reads as follows :

It was agreed to call for the list of all persons who were engaged without being sponsored by Employment Exchange and worked for 120 days as on 31-12-1984 from the respective Zonal Office and drew a final list. It was agreed to include even those who were engaged after 1-4-1981 provided they have completed 120 days as on 31-12-1984 in the panel. It was also agreed not to make further additions to the final list so drawn. As per this clause in Ext. M-1 the workman who worked for 120 days as on 31-12-1984 are entitled to get themselves included in the final list of workmen. The fact that the workman has worked for 120 days as a 31-12-1984 was disputed by the management. But it is come out in evidence that the workman had worked for 117 days as on 31-12-1984 and has worked for 166 days on 10-5-1985. The learned counsel for this workman could argue that the workman is entitled to get the weekly holidays if he worked 6 days in a week. So also he is entitled to get 3 days of festival holidays in a year. The learned counsel for the workman would further argue that Sundays and other paid holidays should be taken into the account for the purpose of reckoning the total number of days of each workmen can be said to have actually works. In support of his argument the learned counsel relied on the decision in workmen of America Express Natural Banking Corporation reported in 1986 LAB. I.C. 98 which read as follows :—

"The qualification for relief under Section 25(F) is that he should be a workman employed in an industry and has been in continuous service for not less than one year under an employer. What is continuous service has been defined and explained in Sec. 25(B) the workman shall be deemed to be in continuous service if he has actually worked under the employer for particular period. The expression 'actually worked under the employer' cannot mean those days only when the workman worked with hammer sickle or pen, but must necessarily comprehend all those days during which he was in the employment of the employer and for which he had been paid wages either under express or implied contract of service or by compulsion of statute, standing orders etc. Thus, Sundays and other paid holidays should be taken into account for the purpose of reckoning the total number of days on which the workmen could be said to have actually worked".

In the light of these decision it has to be held that this workmen Narayanan is entitled to take into account the

National and festival holidays in reckoning w th the continuous service of 120 days. So calculated it can be seen that a workman has worked for 120 days by adding 3 days festival and national holidays with 117 days in which the workman has worked. Hence I find that this workman P. G. Narayanan is entitled to the benefit of clause (2) in Ext. M-1 as he is worked 120 days as on 31-12-84. Therefore his engagements cannot be justified and his name is to be included in the list of employees in the bank as per clause (2) of the Ext. M-1. It follows that he is entitled to get all the benefits of the workmen whose names were included in the list as per Ext. M-1. So he is to be reinstated in service and he is also entitled to get his service regularised along with other workman whose names were included in the list prepared by the management by virtue of Ext. M-1.

10. In the result, an award is passed holding that the termination of the service of C. H. Ramachandran, Temporary Sub-staff is justified and he is not entitled to get any relief in this reference but the termination of service of P. G. Narayanan cannot be justified and directing the management to reinstate Shri P. G. Narayanan in service by including his name in the list prepared as per clause (2) of the Ext. M-1 and Shri Narayanan is also entitled to get his service regularised as those workmen whose names were included in the list prepared in clause (2) of the Ext. M-1. But it is made clear that the workman is entitled to get the monetary benefit only from the date of the reinstatement of after one month from the date of publication of the award in the gazette whichever happens earlier.
Ernakulam,

R. RAVEENDRAN, Presiding Officer

ANNEXURE

BEFORE THE CENTRAL GOVERNMENT INDUSTRIAL TRIBUNAL NO. (2), AT DHANBAD

PRESENT :

Shri B. Ram, Presiding Officer,

In the matter of an industrial dispute under Section 10 (1)(d) of the I.D. Act, 1947.

Reference No. 289 of 1986

PARTIES :

Employers in relation to the management of Amlabad Colliery, Bhowra Area No XI of M/s. Bharat Coking Coal Limited and their workmen.

APPEARANCES :

On behalf of the workmen : Shri S. S. Bhattacherjee, Advocate.

On behalf of the employers : Shri R. S. Murthy, Advocate.

STATE : Bihar

INDUSTRY : Coal

Dated, Dhanbad, the 27th May, 1992

AWARD

The Government of India, Ministry of Labour in exercise of the powers conferred on them under Section 10(1)(d) of the I. D. Act, 1947, has referred the following dispute to this Tribunal for adjudication vide their Order No. L-24012 (10)/86-D.IV(B) dated, the 13th September, 1986.

SCHEDULE

"Whether the action of the Management of Amlabad Colliery, Bhowra Area No. XI of M/s. BCCL (Dhanbad) in retiring S/Shri Bijoy Rewani, Haulage Khalasi and Kallu Chamar, Tyndal from service w.e.f. 1-7-85 is justified ? If not, to what relief are the said workmen entitled ?"

2. In this case both the parties appeared and filed their respective W.S. documents etc. The case then proceeded along its course. Subsequently at the stage of evidence both the parties appeared before me and filed a Joint Compromise petition. I heard both the parties on the said petition of compromise and do find that the terms contained therein are fair, proper and beneficial to both of them. Accordingly I accept the said petition of compromise and pass an Award in terms thereof which forms part of the Award as annexure.

B. RAM, Presiding Officer

ANNEXURE

BEFORE THE CENTRAL GOVERNMENT INDUSTRIAL TRIBUNAL NO. 2, DHANBAD

Reference No. 289/86

PARTIES :

Employers in relation to the Management of Amlabad Colliery (Bhowra Area) of Bharat Coking Coal Ltd., P.O. Bhowra, Distt. Dhanbad.

AND

Their workmen.

JOINT COMPROMISE PETITION OF THE EMPLOYERS AND THE WORKMEN.

The above mentioned Employers and the workmen/Sponsoring Union most respectfully beg to submit jointly as follows :

(1) That the representatives of the employers and the representatives of the workmen/Sponsoring Union have jointly negotiated the above matter referred to this Hon'ble Tribunal with a view to arriving at a mutually acceptable and amicable settlements.

(2) That as a result of such mutual negotiations, the parties have agreed to settle the matter covered by the above reference on the following terms and conditions :—

(a) It is agreed that S/Sri Bijay Rewani, Haulage Khalasi and Kallu Chamar, Tyndal, Amlabad Colliery who were retired by the Management w.e.f. 1-7-1985, will be referred to the Apex Medical Board of BCCL as per the existing procedure for determination of their age on the date of medical examination within 3 months from the date of acceptance of this Joint Compromise Petition by this Hon'ble Tribunal.

(b) It is agreed that if the age of the 2 workmen concerned is assessed by the Apex Medical Board below 60 years on the date of the medical examination, they will be employed by the management for the remaining period till they attain the age of 60 years and paid back wages for a period of one year only.

(c) If, however, the age of the 2 workmen concerned is assessed above 60 years by the Apex Medical Board on the date of the medical examination, they will not be entitled to any wages or any benefits whatsoever and will stand retired w.e.f. 1-7-1985.

(d) It is agreed that this is an over-all settlement in full and final settlement of all the claims of the workmen concerned and the Sponsoring Union arising out of the above reference.

(3) That the Employers and the workmen/Sponsoring Union consider and hereby declare that the above terms and conditions are fair, just and reasonable to both the parties.

In view of the above, the employers and the workmen/Sponsoring Union most respectfully pray jointly that the Hon'ble Tribunal may be pleased to accept this Joint Compromise Petition and dispose of the above reference accordingly by giving an Award in terms thereof.

JOINT COMPROMISE PETITION OF THE EMPLOYERS AND THE WORKMEN

The above mentioned Employers and the workmen/Sponsoring Union most respectfully beg to submit jointly as follows :—

- (1) That the representatives of the Employers and the representatives of the workman/Sponsoring Union have jointly negotiated the above matter referred to this Hon'ble Tribunal with a view to arriving at a mutually acceptable and amicable settlement.
- (2) That as a result of such mutual negotiations, the parties have agreed to settle the matter covered by the above reference on the following terms and conditions :—
 - (a) It is agreed that Sri Nitai Ch. Sarkar, Electric Helper, Amlabad Colliery, who was retired by the Management w.e.f. 1-7-85, will be referred to the Apex Medical Board of B.C.C.L. as per the existing procedure for determination of his age on the date of medical examination within 3 months from the date of acceptance of this Joint Compromise Petition by this Hon'ble Tribunal.
 - (b) It is agreed that if the age of Sri Nitai Ch. Sarkar, the workman concerned is assessed by the Apex Medical Board below 60 years on the date of the medical examination, he will be employed by the Management for the remaining period till he attains the age of 60 years and paid back wages for a period of one year only.
 - (c) If however, the age of workman concerned is assessed above 60 years by the Apex Medical Board on the date of the medical examination, he will not be entitled to any wages or any benefits whatsoever and will stand retired w.e.f. 1-7-1985.
 - (d) It is agreed that this is an overall settlement in full and final settlement of all the claims of the workman concerned and the Sponsoring Union arising out of the above reference.
- (3) That the Employers and the workmen/Sponsoring Union consider and hereby declare that the above terms and conditions are fair, just and reasonable to both the parties.

In view of the above, the Employers and the workmen/Sponsoring Union most respectfully pray jointly that the Hon'ble Tribunal may be pleased to accept that Joint Compromise Petition and dispose of the above reference accordingly by giving an Award in terms thereof.

New Delhi, the 1st June, 1992

S.O. 1749.—In pursuance of Section 17 of the Industrial Disputes Act, 1947 (14 of 1947), the Central Government hereby publishes the Award of the Central Government Industrial Tribunal, Cum Labour Court Bangalore as shown in the Annexure, in the industrial dispute between the employers in relation to the management of State Bank of India and their workmen, which was received by the Central Government on the 29-5-92.

[No. L-12012(50)/88-D.III(A)]

S. C. SHARMA, Officer

ANNEXURE

BEFORE THE CENTRAL GOVERNMENT INDUSTRIAL TRIBUNAL CUM LABOUR COURT, BANGALORE

Dated this 22nd day of May 1992

PRESENT:

Shri M. B. Vishwanath, B.Sc. B.L.,
Presiding Officer.

CENTRAL REFERENCE NO. 46/88

I PARTY

Sri K. B. Raju,
90-A,
Mayfield Cottage,
Bandisola,
Udhagamandalam-1.

II PARTY

The Chief General
Manager,
Vs. State Bank of India,
Local Head Office,
21, Rajaji Salai,
MADRAS-600001.

AWARD

In this reference made by the Hon'ble Central Government by its Order No. L-12012(50)/88 D.III(A) dt. 1st Sept., 1988, the point for adjudication as per schedule is :

"Whether the management of State Bank of India is justified in dismissing without notice the services of Sh. K. B. Raju w.e.f. 15-7-86? If not, to what relief the workman is entitled?"

2. In the claim statement it is contended by the workman:—

The I party workman was working in the II party Bank at Udagamandalam (Ooty). The I party was working honestly and faithfully. The II party issued a charge sheet dt. 13-8-84. The I party submitted explanation denying the charges. The I party stated in his explanation that he had no ulterior motive. The I party submitted that there was an innocent lapse. Not being satisfied with the explanation, the II party instituted a D. E. against the I party. The D.E. held against the I party was oppose to the principles of Natural Justice. Then enquiry officer submitted a report holding that the charges against the I party workman were proved. Ultimately, accepting the findings of the E.O. the II party dismissed the I party from the services of the Bank. The appeal filed by the I party was also dismissed by the Appellate Authority. The disciplinary authority and appellate Authority have not applied their minds.

3. The allegations of mis-conduct against the I party workman are that during the period 4-5-82 to 26-11-82 the I party had fraudulently remitted premia aggregating to Rs. 572.80 Ps. to LIC of India on account of his insurance policy by misappropriating the amounts lying in branch Sundry Deposit Account. The details of the misappropriation of Rs. 572.80ps. are:

The I party misappropriated from the sundry deposits Rs. 71-60 on 4-5-82, Rs. 143-20 on 1-7-82, Rs. 143-20 on 8-9-82, Rs. 71-60 on 20-9-82 and Rs. 143-20 on 26-11-82.

The mis-conduct was in terms of paragraph 521(14)(i) of the Sastry Award read with paragraph 18—28 of the Desai Award.

4. The I party workman had no intention to defraud the II party. The I party workman has committed innocent lapses. He had no intention to make wrongful loss to the II party and wrongful gain to himself. The amount of Rs. 5/2—80 ps. covered by the charge sheet is the arrears of the premium towards new policy of I party from May 82 to Nov., 82. This was remitted to the L.I.C. of India without corresponding recoveries from the salary of the I party because of non-receipt of letter from the Corporation enclosing his letter of authority for recovery of the premiums from his salary and credit the same sundry deposit account. There was a practice that even though authorisation letter from LIC was not received, the deductions would be made on the basis of demand list. However, the amount of Rs. 572-80 ps. has been subsequently paid by the I party to the Bank on his own volition and accord though after some delay due to over-sight. During this relevant period the P.F. amount of I party was lying in sundry deposit. The I party workman is an innocent person. He has not committed any act of mis-conduct. In any case the punishment of dismissal is shockingly disproportionate to the charges. The punishment is vitiated. The II party has committed unfair labour practice. An award has to be passed reinstating the I party with full back wages.

5. In the counter statement the II party has contended:—

The D.E. held against the I party is fair and proper. The punishment of dismissal imposed on the I party is proper. The I party workman has committed the acts of misconduct intentionally. The I party has admitted the acts of misconduct committed by him. The I party is put to strict proof of the practice in the bank alleged by him. There was no unfair labour practice committed by the II party. The II party has lost confidence in the I party. It is not true to say that the acts committed by the I party workman do not amount to misconduct. The reference has to be rejected.

6. As could be seen from the order sheet dt. 2-11-88 my Learned Predecessor has framed preliminary issue "Whether the II party proves that it has conducted the D.E. in accordance with Law"?

7. On the preliminary (additional) issue, M.W.1 R. Charshekaran, Manager (Accounts) has been examined. M.W.1 is the E.O. who conducted the D.E.

8. On this preliminary issue, the I party workman got himself examined as W.W.1 and closed his case.

9. By the considered order dated 6-3-89, My Learned Predecessor has set aside the D.E. held by the II party against the I party workman. He has permitted the II party to adduce additional evidence and establish its case.

10. After the D.E. was set aside, on behalf of the II party M.W.-2 V. V. Anand who was the Manager in 1984, Personnel Banking at S.B.I. Ooty has been examined. He was officiating as Branch Manager. MW-3 Sundaraman who was officer, Staff Cell, Regional Office, Bangalore in 1984 has been examined. MW-3 visited Ooty branch on the complaint of then then branch Manager of Ooty branch V. V. Kumar who had made a complaint to the regional office that some discrepancy was found in the sundry deposit account.

11. The I party workman WW-1 has got himself further examined.

12. Bearing in mind the facts and circumstances of the case and the fact that the D.E. has been set aside, the point for consideration is :

"Whether the II party has justified its action on acts of misconduct alleged against the I party? If so, what legal effect? If not, what legal effect?"

For the reasons given below, I hold the II party has not justified its action against the I party. So he has to be reinstated.

13. Ex. M-13 (a) is the original proceedings book. Ex. M-13 is the zerox copy of the proceedings book. Ex. M-13 (a) has been produced subsequent to passing of the order on the preliminary issue.

14. At page 4 of Ex. M-13 (a) the plea of the I party workman for the charges has been recorded. The E.O. has asked the workman, "Do you accept the charges?" When this question was put to the I party workman, he has stated "I accept the charges. I have done it by mistake."

15. On the nature of the plea made by the I party workman, it is argued by the Learned Counsel for the II party that the I party has admitted the guilt and so only question of adequacy of punishment should be gone into by the Tribunal. I have set out above the exact words stated by the I party workman. After stating that he accepts the charges, he has further stated in the same breath that he has done it by mistake. So the admission made by the I party workman is a qualified admission. It has been laid down by our Hon'ble High Court in Shor. Notes of Cases Item No. 11 reported in 1982 (1) Kar. L.J. 5 (W.A. 335/81 dated 11-3-81, KSRTC V/s. Siddesh) that :—

Where in an inquiry instituted against the petitioner, on a charge based on certain irregularities, the petitioner admitted the irregularities but gave an explanation for the irregularities. Held, there was no unqualified admission of the charge. The Disciplinary authority should have examined whether the explanation was true and if so, sufficient to exonerate him or to minimise the gravity of the charge warranting imposition of a minor penalty. It is open to the disciplinary authority to accept only a part of the explanation and ignore the other part.

In view of the law laid down by our Hon'ble High Court there is no force in the arguments that the I party has admitted the charges.

16. Now I will see whether the I party had paid deliberately the premiums of his LIC policy from the sundry deposit account, though there was no amount of his in the sundry deposit. The case of the I party is that there was a practice that even though authorisation letter from LIC was not received, the deductions would be made on the basis of demand list. His further case is that his P.E. amount was in the sundry deposit account and that he has paid amounts towards his LIC payment, by mistake and unintentionally and he had absolutely no intention to make wrongful gain to himself or cause wrongful loss to the Bank.

17. I have stated in the para above the stand of the I party workman. It is admitted that this amount of Rs. 570.80 ps. has been subsequently paid by the I party workman. In para 14 of the claim statement the I party has stated that on his own volition and accord he has paid the amount. The stand of the I party that out of his own volition and accord he paid the amount has not been specifically denied by the II party in the counter statement. What the II party has stated in para 6 of the counter statement is to call upon the I party to prove the averment that he voluntarily paid the amount. The II party, it must be borne in mind, does not say who discovered the alleged acts of misconduct or misappropriation by the I party. The discussion so far militates against the case of the II party that I party had deliberately misappropriated the amount by making payments from the sundry deposit account towards the premiums for his LIC policy.

18. In his evidence before this Tribunal, the I party has stated that he discovered the discrepancy himself and brought it to the knowledge of the head clerk and the head clerk told it to the Manager and the amount was recovered from him. In cross-examination the I party has denied the suggestion that he did not discover the discrepancy. MW-3 Sundaraman was the officer of Staff Cell, Regional Office, Bangalore, who visited the Ooty branch, where the I party was working, since the then Branch Manager of the Ooty branch V. V. Kumar had made a complaint to the Regional Office that some discrepancy was found in the sundry deposit account and from this sundry deposit account amounts have been paid towards the LIC premium. He has stated that he went to Ooty Branch to make a detailed investigation. This complaint made by the then manager V. V. Kumar is admittedly not before this Tribunal. MW-3 has stated that his investigation report is also not before this Tribunal. In view of the fact that Manager

V. V. Kumar has not been examined or his report is not before the Tribunal and the investigation report of M.W.3 are not before the Court, the only conclusion possible is that the I party workman had committed mistakes unintentionally, as stated by him, he himself brought it to the notice of the head clerk and the head clerk brought it to the notice of the Manager and then the amount was recovered from him. When the I party himself discovered the discrepancies, there is no negligence or misconduct on his part. If there were any intention on his part to misappropriate the amounts, he would not have brought the discrepancy to the notice of the head clerk. For the reasons stated in this para and the two paras above, I hold that there was no intention on the part of the I party to defraud the Bank. Thus charge of misappropriation is not proved.

19. The I party workman has stated in further examination chief that discrepancies occurred during the time of his predecessors, but the bank did not take any action against them. There is no cross-examination on this point. Further more, M.W.3 has stated in his evidence that there may be instances where premiums have been sent to LIC and the recovery had been made subsequently. This say of MW-3 disproves the charge against the I party. So the question of malafides in holding an enquiry against the I party workman and dismissing him from service cannot be ruled out.

20. Ex. M-9 is the report of the E.O. MW-1. The EO. has given the findings in his report that the charge framed was proved beyond doubt. In the same breath the E.O. goes on to observe that "It is strange that the employee (I party) who appears to be well behaved should have committed this foolish act for gaining a paltry amount of Rs. 572-80ps." He has further observed, "Considering the amount involved and the previous good record of service of the employee, a lenient reformistic view of the case is definitely justified".

21. The order of the disciplinary authority is contained in Ex. M-9 at the end. The D.A. has accepted the findings. As I have already stated the E.O. says that the workman had committed a foolish act for gaining a paltry sum of Rs. 572-80 ps.. The view of the D.A. goes off at a tangent to what the E.O. has observed. The D.A. has stated that, "Having regard to the seriousness of the proved charge and the subtle modus operandi thereof, I hereby order that the employee Sri K. B. Raju be dismissed without notice."

22. Bearing in mind the observations of the E.O. and my reference to other aspects of the case, the conclusion of the D.A. that there was seriousness in the charge and that the I party had adopted subtle modus operandi cannot by any stretch of language hold water. The strong language used by the D.A. while passing the order of dismissal leads to the only conclusion that the order of dismissal of I party is malafide.

23. As per clause 520(16)(c) of the Sastry award, it is incumbent on the D.A. to take into account the gravity of the misconduct and the previous record if any of the employee and any other aggravating or extenuating circumstances that may exist. This clause further says when there are extenuating circumstances, the misconduct may be condoned. But in the instant case, the D.A. has simply used the words "seriousness and subtle modus operandi", when there was no seriousness or subtle modus operandi. The D.A. does not say what was the gravity. The I party's case is that he had an unblemished record of service before the present incident. The D.A. has not taken into consideration the previous record service of the I party. It was mandatory on the part of the D.A. to consider the previous record, and the gravity of the misconduct. To repeat, the D.A. has stated there was seriousness in the charge when there was none. He has not considered the I party's previous record which was mandatory.

24. For the reasons stated in paras 19, 20, 21, 22 and 23, I hold that the I party had not committed any acts of misconduct and the order of dismissal is malafide and it has to be set aside.

25. Ex. M-10 series are the vouchers of different dates as per which the I party paid amounts towards his LIC premiums. These M-10 series have been signed by the head clerk and have been passed by the branch manager. MW-2 Anand who was the then manager in the branch when the I party was working has stated on cross-examination that checking is the duty of the head clerk and that after the head clerk puts his signature, the manager will pass and approve the vouchers. He has clearly stated that it is for the head clerk to do the scrutiny. When that is so, the alleged fraud committed by the I party workman could have been discovered. The fact that the vouchers have been scrutinised by the head clerk and then passed by the branch manager shows that there is no intention on the part of the I party workman to commit fraud or misappropriation. On this score also, the order of dismissal of the I party workman has to be set aside and he should be reinstated.

26. The Learned counsel for the II party has relied on 1986 (ID) L.L.J. 85 (T. Secralan v/s. The Presiding Officer). In this authority of the Madras High Court there was theft and the theft was proved. This authority is not applicable. It is argued by the Learned counsel for the II party that the II party has lost confidence in the I party. This argument is rejected out of hand because the II party has failed to prove the charge against the I party. The other authorities relied on by the II party relate to cases where charges are proved. In the instant case charge is not proved against the I party workman.

27. For the aforesaid reasons, in any view of the matter, the order of dismissal of the I party has to be set aside. It is accordingly set aside.

28. In the instant case the D.E. has been held to be not according to Law. In view of the law laid down by the Supreme Court in AIR 1990 S.C. 2174 (Desh Raj Gupta v/s. Industrial Tribunal) the I party workman is entitled to full back wages. Needless to say, the amounts paid to I party by way of interim relief shall be deducted.

29. All other documents and evidence not referred to by me are not relevant. In any case they do not alter my conclusions reached above.

ORDER

The order passed by the II party (D.A.) dismissing the I party workman from service is set aside.

The II party shall reinstate the I party workman forthwith, giving him continuity of service.

The I party is entitled to full back wages.

Award passed as stated herein, accepting the reference. Submit to Hon'ble Central Government.

(Dictated to Stenographer, taken down by him, got typed, corrected and signed by me).

M. B. VISHWANATH, Presiding Officer.

New Delhi, the 5th June, 1992

S.O. 1750.—In pursuance of Section 17 of the Industrial Disputes Act, 1947 (14 of 1947), the Central Government hereby publishes the award of the Central Government

Industrial Tribunal, Kanpur as shown in the Annexure, in relation to the management of CPWD, Food Storage Division, Kanpur and their workmen, which was received by the Central Government on 1-6-1992.

[No. L-42012/42/90-IR (D.U.) (Pt.)]
K. V. B. UNNY, Desk Officer

ANNEXURE

BEFORE SRI ARJAN DEV, PRESIDING OFFICER,
CENTRAL GOVERNMENT INDUSTRIAL TRIBUNAL-
CUM-LABOUR COURT, PANDU NAGAR, KANPUR

Industrial Dispute No. 287 of 1990

In the matter of dispute :

BETWEEN

Sri Bansropan Singh, CPWD Mazdoor Union, E-26
(Purane Makan) Raja Bazar, Baba Kharag Singh
Marg, New Delhi.

AND

The Executive Engineer CPWD Food Storage Division
113/11 Swarup Nagar Kanpur.

AWARD

1. The Central Government, Ministry of Labour, vide its Notification No. L-42012/42/90-IR. (D.U.) dated 28-11-90; has referred the following dispute for adjudication to this Tribunal—

Whether the action of the Executive Engineer C.P.W.D. Food Storage Division, Kanpur in terminating the services of Sri Bansropan Singh Beldar/Qshokidár w.e.f. 5-7-85 is justified? If not, to what relief the workman concerned is entitled to?

2. The workman's case is that the Executive Engineer C.P.W.D. Food Storage Division Kanpur at Kanpur engaged him as a Beldar/Qshokidár on 29-8-84, and posted him at sub-Division Vyasa Nagar. However after continuous working, his services were illegally terminated by the management w.e.f. 5-7-85. He has, therefore, prayed for his reinstatement with full back wages.

3. In this case the management filed written statement but on 28-1-92 the case was ordered to proceed ex parte against the management. On 10-3-92, which was the date fixed for arguments after the workman had led evidence the management applied for setting aside the order to proceed ex parte dated 28-1-92. Upon that 23-4-92, was fixed for its disposal. However, today none appeared for the management. As a result of it the application dated 10-3-92 of the management has been dismissed in default. In support of his case, the workman has filed his affidavit. From his affidavit it appears that he had worked continuously from 29-8-84 to 5-7-85. Even from the facts pleaded in the written statement filed by the management it is evident that he had worked for more than 240 days during the period of 12 months preceding the date of termination of his services.

4. Thus to his case, the provisions of section 25-F I. D. Act are attracted. There is nothing on record to show that before terminating his services, the management had given him any notice or had paid him notice pay besides retrenchment compensation.

5. Hence, it is held that the action of the management in terminating the services of the workman w.e.f. 5-7-85 is not only illegal but also is unjustified. Consequently, he is held entitled to his reinstatement in service with full back wages on his furnishing an affidavit to the effect that he has not remained gainfully employed after the termination of his services.

6. Reference is answered accordingly.

ANNEXURE**CENTRAL GOVERNMENT INDUSTRIAL TRIBUNAL AT CALCUTTA**

Reference No. 50 of 1984

PARTIES :

Employers in relation to the management of Mahabir (R) Colliery of M/s. Eastern Coalfields Limited.

AND

Their Workmen.

PRESENT :

Mr. Justice Manash Nath Roy, Presiding Officer.

APPEARANCE :

On behalf of Management :

Mr. R. N. Mazumdar, Advocate with
Mr. D. Mukhopadhyay, Advocate.

On behalf of Workmen :

Mr. Amalesh Mitra, Bar-at-Law with
Mr. S. K. Bose, Advocate.

STATE : West Bengal. INDUSTRY : Coal.**AWARD**

In exercise of the powers under Section 10(1)(d) of the Industrial Disputes Act, 1947 (hereinafter referred to as the said Act), the appropriate Government, by Order No. L-19011(5)/84-D.IV(B) dated 19th October, 1984, referred the following dispute :

“Whether the proposed action of the management of Mahabir (R) Colliery of Eastern Coalfields Limited, intending to pay the underground loaders of Searsore Unit 1&3 pits of Mahabir (R) Colliery on the basis of actual measurement of the lead by the Munshis/Pit Clerks, is justified ? If not, to what relief the workmen are entitled to ?”,

for adjudication to this Tribunal and on usual notices being issued and duly received, the parties to the dispute, entered appearance and filed their respective written statements, apart from tendering documentary evidence.

2. The case of the workmen, as appealed from their written statement dated January 15, 1986 and filed through Sri Sunil Sen, Organising Secretary of the Colliery Mazdoor Sabha (hereinafter referred to as the said Union), was that the dispute under reference arose out of a notice under Section 9A of the said Act, as issued by the Mahabir (R) Colliery (hereinafter referred to as the said Management), through their Agent, on March 15/16, 1984, indicating that they intended to effect the changes as under :

- The underground loaders of Searsore unit of No. 1 & 3 Pit of Mahabir (R) Colliery were being paid fixed lead at the rate of

Rs. 2.41 & Rs. 2.70/tub respectively in NCWA-II and the amendment pro-rata rate Rs. 3.23 & Rs. 3.62/tub respectively in NCWA-III will be paid from 9th April, 1984 on the basis of actual measurement of the lead by Munshi/pit clerk and the system of fixed lead will be discontinued.

2. The Ug. Loaders of Mahabir unit of Mahabir (R) Colliery were being paid Rs. 0.60/tub in NCWA-II as extra lead which were enhanced pro-rata Rs. 0.81/tub in NCWA-III and payment of this extra lead will be completely discontinued from 9th April, 1984 and the actual lead will be paid as per actual measurement of Pit Munshi/Pit Clerk.,

with effect from April 9, 1984, in the conditions of service applicable to the workmen in respect of the matters specified in the Fourth Schedule to the said Act.

3. Such action, according to the said Union, was illegal and unjustified and as such, they challenged the same through a strike notice, which also contained other demands. It was contended that the proposed changes would adversely and prejudicially affect the conditions of service and terms of employment of the workmen concerned and consequently, the payment of lead of the undedground workers of Searsole Unit 1 and 3 Pits of the said Management, would be affected and ultimately, after a futile conciliation, the matter has been referred to adjudication.

4. It was the case of the said Union that prior to the notice at Annexure 'A' to their Written Statement, by the Office Order dated March 7/8, 1984 (Annexure 'B' to their written statement), the said Management had clearly intimated to all concerned that from April 4, 1984, leads, lift and tub pushing, will be paid on actual measurement and no fixed load or extra load will be paid, apart from the fact that no floor cutting and dressing allowances will be paid to the workmen of Mahabir Unit and necessary orders for preparation of bills on the above basis, were also issued by an order dated March 8, 1984, Annexure 'C' to their Written Statement. It was indicated that the above facts were indicative of the fact that the said Management, were determined and adamant to affect and change the terms of service and conditions of employment of the workmen concerned and such action, was contrary to and inconsistent with the idea and intention of section 9A of the said Act, and the said Union, with a view to prevent such onslaught, caused by the said Management viz. by changing the mode of payment of load on actual measurement instead of fixed payment, as prevalent from time immemorial and from prior to Nationalisation, raised their protest in the manner as indicated earlier, but all their attempts had failed or foiled because of the adamant and uncompromising attitude of the said Management, who had no regard for the urgency of the situation and to achieve uninterrupted production in a harmonious and peaceful manner, and as such, they got the terms of service and conditions of employment of the concerned workman changed unilaterally and even without waiting for the decision of the Assistant Labour

Commissioner (C) and they, in fact, had acted in hot haste in the matter, with the object of frustrating the dispute, as sought to be raised.

5. It was sought to be suggested by the said Union that the said Management, by their comments dated March 27, 1984, stated that the underground loaders of the concerned Pits as mentioned earlier, were getting payment on fixed lead and not on measurements. It has been stated that such fixed lead was revised and increased from time to time and was treated as basic wages and that practice was in operation for a long time and that fact is indicative of the fact that as per custom and usage, the consolidated payment on account of lead as basic wages, have acquired the character of service conditions of the workmen concerned and thus, the sudden change as sought to be incorporated, have affected and would affect them adversely and in all respect. It has also been stated that the underground loaders of the concerned pits were being paid on the basis of fixed load and such system have continued, even after the two Coal Wage Agreements viz. Coal Wage Agreements I and II, and by the Coal Wage Agreement No. III, there has been a further upward rise and such system of payment has continued till the change as sought to be brought in now unilaterally and unauthorisedly. It should be noted here that National Coal Wage Agreement No. III was dated November 11, 1983 and became operative on January 1, 1983 and was also agreed to be operative for four years, like the other two agreements.

6. The said Union, in support of their claims stated that the benefits as involved in this case could not be changed, and referred to Clause 11.1.1 of the N.C.W.A. III, which deals with existing benefits and has indicated that the existing benefits and facilities, not covered or altered by this Agreement shall continue as hitherto and that fact, on being brought, to the notice and knowledge of the said Management, they took the plea that the proposed discontinuance was in the light of the practice of payment of lead as per the order of the General Manager Kunustoria Area and in fact, they failed to justify the action otherwise. It was also pointed out that as per Clause 12.4.1 and Sub-clause (i) and (iv) thereunder, "no coal Companies can unilaterally give their own interpretation/decision regarding NCWA III and in case of necessity, the matter should be brought to the notice of the Standardisation Committee of J.B.C.C.I., but in this case, such steps were not taken by the said Management. In any event, it has been stated that the action as taken, was unjustified, illegal, malafide and in contravention of section 9A of the said Act and should be deemed to be an act of Unfair Labour Practice and the action as taken, should be set aside.

7. In their Written Statement which was filed on April 26, 1988, the said Management after indicating that the Reference as made, was beyond the jurisdiction and competence of the Central Government and as such, this Tribunal will have no power to adjudicate the issue, have also stated that the notice in question was issued to streamline the payment of lead, on the basis of measurement as per NCWA-III and such streamlining was well within their right to introduce the payment of lead on actual measurement, in terms of the said Agreement instead of paying at fixed rate

lead as was in operative earlier and the concerned notice under Section 9A of the said Act, was issued by way of abundant caution. It was also claimed that the incorporation of such change was well within their jurisdiction, power and authority, which was of course sought to be done after giving due consideration.

8. It has been stated that the underground loaders of the concerned Pits 1 and 3 under the said Management, were being paid fixed lead rate of Rs. 2.41 and Rs. 2.70 per tub respectively, according to NCWA-II and that pro rata rates, were enhanced to Rs. 3.25p and Rs. 3.62p per tub respectively, by NCWA-III and in that way, the underground loaders of the Mahabir Unit of the said Management were being paid .60p per tub, in terms of NCWA-II as extra lead and the rate was enhanced to .81p per tub under NCWA-III. It has been stated that in view of the above, the decision to streamline the lead payment on the basis of or in terms of NCWA-III, the decision to abolish or discontinue such system and the payment of lead at a fixed rate, was sought to be effected from April 9, 1984, by the notice in Annexure 'A' to the Written Statement of the said Union. It has further been stated that such change was sought to be made because or by reason of NCWA-III, which has contemplated to pay the lead on the basis of actual measurement and such, settlement has been made or arrived at, at the Tripartite Level and under the said Act, so the workmen concerned should be guided and bound by the same and as such also, they have no right to raise a dispute of the present nature. There is no dispute that in the concerned settlement, all the parties including the representatives of the said workmen were duly represented and they had also effectively participated. It has been contended that there would be no reason for the said Union to raise the dispute or to have an adjudication on the same as the facilities for payment at the fixed lead rate, have been altered by the said NCWA-III and the payment, as asked for, is allowed to be continued, that would create discrimination against the other workmen and just because of such eventualities the notice under Sec. 9A of the said Act, was issued by the said Management. It has also been stated that such change as desired, has already been given effect to from June 1, 1984, in respect of Searsore Unit and from May 1, 1984 in respect of Mahabir Unit. It has further been pointed out that in terms of the decision of the directorate of Mines and Safety, Pits 1, 2 and 3 of the Searsore Unit have been sealed on November 30, 1986. This fact, was neither denied nor disputed by the said Union. The other material statements in the Written Statement of the said Union have been denied.

9. It should be noted that the appearing parties only relied on the pleadings and the documents as produced and they, on February 4, 1992 elected not to tender any other evidence.

10. Mr. Mitra, appearing for the said Union, after placing the pleadings claimed and contended that the action of the said Management, was unilateral, illegal, unjustified and irregular, apart from being contrary to law and the respective Agreements and mainly NCWA-III and furthermore, the said workmen were and are entitled to the benefits as claimed, which could not be taken away in the manner as sought to be done by the said Management, as the workmen concerned have

enjoyed such benefits on the basis of custom and usages and that too, for a long term.

11. Mr. Mitra, then referred to Clause 5.9 of NCWA-I, dealing with lead and lift and whereby, the lead and lift rates of the mines/loaders were revised in terms of the schedule of rates as indicated thereunder. This Agreement as indicated earlier, was incorporated on December 11, 1974 and remained operative for four years. He further indicated that under this agreement, the workmen concerned, were receiving payment at fixed rates. Then, he referred to NCWA-II, which was dated August 11, 1979 and was also in operation for four years. On a reference to Annexure IV vide Clause 5.9.1, Mr. Mitra pointed out that by that, not only the rates, but also the fixed payments as received by the employees, were revised and then, he referred to NCWA-III, which was dated November 11, 1983 and indicated that with effect from January 1, 1983, the rates were further revised. Clauses 3.1, 3.2.1 and 3.9.1 will be of relevant consideration in this case and as such, I quote them as under :—

"3.1 The grouping of piece rated workers, the work and job description for them shall be as laid down under the National Coal Wage Agreement I (Vide booklet entitled "Groupings, Nomenclature, Job Description and Work Norms of Coal Employees") as amended from time to time. The final nomenclature under different categories, groups together with their job descriptions and work norms would not be incorporated in a separate booklet to be issued by the Joint Bipartite Committee for the Coal Industry shortly.

3.2.1 The rates of wages for different groups of piece-rated workers are given in Annexure IIIA.

3.9.1 Lead and Lift Payments and Tub Pushing Rates for Mines and Loaders.

The lead and lift rates for miners and loaders shall be revised as indicated in Annexure IIIB(1)."

Annexure III-A under clause 3.2 and Annexure-III(B)(1) under clause 3.9.1 deals respectively with Revised Basic Wage Rates for piece rated workers and lead for Mines and Loaders. On the basis of this Agreement also, Mr. Mitra pointed out that as the rates were revised, so there was no justification for the said Management to have the rates further revised and that too in violation of their terms of service and conditions of employment and which they were enjoying for a long time.

12. Clause 12.4.1 of NCWA-III make provisions for Standardisation Committee, and according to Mr. Mitra, in a case of the present nature, the said Management, instead of trying to incorporate the changes themselves, should have approached and referred the matter to that Committee for decision.

13. Mr. Mazumdar, appearing for the said Management submitted, the question in this case would be, if by the action as taken, there was any change in the conditions of service and his answer was in the negative. He made such answer, as the action was taken in terms of NCWA-III for an implementation of the terms thereof and he said that since the said Union amongst others, was bound

by the terms of the same, they cannot raise the dispute or claim for the best amongst the two viz. the earlier system or the system as sought to be introduced in the manner as indicated. It was his case that the concerned notice under Section 9A of the said Act, was only rational and if steps are taken and in fact, which have already been taken, there would be no question of discrimination. He indicated that no case of such or any discrimination has been shown or made out by the said Union.

14. Section 9A of the said Act was incorporated and introduced in the said Act by Section 6 of the Industrial Disputes Amendment and Miscellaneous Provisions) Act, 1956 (Act 36 of 1956), and such incorporation was made, as there was persistent demand that notice of change should be given, whenever it is proposed to make any change in the conditions of service of workmen and, therefore, a new Chapter viz., Chapter II A, was proposed to be inserted, to provide that the employer shall not introduce any change in respect of certain specified matters without giving to the workmen concerned, 21 days' notice of the intention to do so and the object of the section was to prohibit an employer from making any change in the conditions of service applicable to the workmen, in respect of any matter specified in the Fourth Schedule, unless he has complied with two preconditions viz., (i) notice has been given to the workmen likely to be affected in the prescribed manner, of the nature of change proposed to be affected and (ii) a period of 21 days from the date of notice has elapsed. The above, of course are, subject to the exceptions viz., (a) where the change is affected in pursuance of any settlement or award and (b) where the workmen, likely to be affected by the change are persons, to whom the Fundamental and Supplementary Rules, Civil Services (Classification, Control and Appeal) Rules, Civil Services (Temporary Service) Rules, Revised Leave Rules, Civil Service Regulations, Civilians in Defence Service (Classification, Control and Appeal) Rules and Indian Railway Establishment Code or any other Rules or Regulations that may be notified in this behalf by the appropriate Government in the Official Gazette, apply. The requirements of the notice under the section would arise if the workmen are likely to be affected prejudicially and the object of the section, really is to prevent a unilateral action by the employer. It should be noted that one of the defence of the said Management was that as the concerned Pits have been directed to be closed, so also, no order should be made.

15. Even I accept such fact to be correct, I think, there would be no bar in determining, if the notice in question, was legal or not. I think that the prerequisites necessary for the notice in question, have not been followed and satisfied, the more so when, the same was necessary, as by the said notice, the rights and privileges, so long enjoyed by the workmen concerned in the relevant pits have been sought to be interfered with. The defence as taken by the said Management, for the issue of the impugned notice, was baseless. The workmen concerned in this case, have been prejudicially affected by the action as taken.

16. On consideration of the submissions and pleadings, I thus answer the Reference in the affirmative. But, I keep it on record that the Award will be applicable, only in respect of the workmen concerned, in respect of Pits 1 and 3 of the Searsore Unit of Mahabir(R) Colliery.

17. This is my Award.

Dated, Calcutta,
The 8th May, 1992.

ANNEXURE

IN THE COURT OF THE INDUSTRIAL TRIBUNAL, KOLLAM

(Dated, this the 18th day of May, 1992)

PRESENT:

SRI C. N. SASIDHARAN
INDUSTRIAL TRIBUNAL
IN

Industrial Dispute No. 45/90

BETWEEN

The Senior Regional Manager, Food Corporation of India, Regional Office, City Corporation Building, Trivandrum.

(By Sri Gopalakrishnan Nair, Advocate, Trivandrum)

AND

The Convenor National Coordination Committee of FCI Employees Kerala Region, Cl. Food Corporation of India, Regional Office, City Corporation Building, Trivandrum.

(By Sri. N. Krishnan Kutty, Advocate, Trivandrum)

AWARD

The Government of India as per Order No. L-22012 (246)F/89-IR (C-II) dated 14-2-1990 have referred this industrial dispute to this Tribunal for adjudicating the following issue :

SCHEDULE

“Whether the action taken by the management of Food Corporation of India in restricting the payment of overtime allowance to its employees by fixing the maximum limit of 50 hours per quarter and introduction of the system of granting compensatory rest as extra work performed of weekly days of rest and additional shift are fair and justifiable ? If not, to what relief the workmen of FCI in Kerala Region are entitled ?

2. The convenor of the union espousing the cause of the workmen involved in this dispute has filed two statements here advancing the contentions which are briefly as under : As per the settlement dated 3-5-1987 (called shortly ‘the settlement’) the management of Food Corporation of India (called shortly ‘FCI’) has agreed to pay over time (called shortly OT) allowance for all work put in beyond working hours as prescribed at present. But against the spirit and understanding of the settlement the management restricted OT work limiting the maximum period of OT work for 50 hours in a quarter. This according to the union was done unilaterally and without any justification. The management again unilaterally and without justification introduced a system of granting compensatory rest for extra work done. The management has resorted to the above mentioned action with a view to deny the benefits already due to the workmen and also to make others work more.

3. The FCI while opposing the claim of the union has advanced their contentions which are briefly as under : The FCI has not imposed any restriction on OT allowance to the employees whenever they are deployed on OT work. Such deployment is not a matter of right for the employees. It is a prerogative of the management. The ceiling of 50 hours per quarter in question is only a part of the administrative guidelines to organise the day today work so as to ensure its completion within the normal hours of work. These guidelines are in pursuance of Central Government directives to achieve the utmost economy in expenditure. As early as on 19th May 1965 it was specifically ordered that no OT allowance will be admissible to FCI staff for working on second Saturdays and Sundays and that only compensatory leave will be granted in lieu of such work. This itself was issued in pursuance of the instruction of the Government of India which was further clarified in the circular dated 6-11-1973. These orders and directions do not in any way limit or reduce the rights or privileges of the employees. The management has necessarily to limit the expenditure on OT allowance and has to maintain a consistent vigil on the incurrence of such expenditure. For that, circular dated 17-8-1989 was issued restricting OT work as 50 hours per quarter. In order to ensure maximum economy in OT allowance and expenditure within the budget allotment, restrictions to a very limited extent were imposed in the Kerala region during the period from 15-6-1989 to 7-12-1989 on payment of OT allowance. It was subsequently withdrawn on further instructions from the Head Quarters. The limiting OT work to 50 hours in a quarter is not against the letter or spirit of any settlement or understanding. The FCI has absolutely no intention to deny any lawful benefit due to the workers or to extract any undue work from them without payment.

4. The union in its second statement has further clarified the contentions as below : The settlement was implemented with the approval and directives of the Honourable Supreme Court of India. This statement does not provide any restriction as ordered by the management. Any action to impose restriction or limitation in this regard tantamounts to clear violation of the settlement. The FCI is an industry in the meaning of Industrial Disputes Act, 1947. The instructions contained in the circular dated 19-5-1965 and 6-11-1973 of FCI have no relevance in view of the subsequent settlement dated 3-5-1987 in the matter of payment of OT allowance. The management is bound to pay OT allowance for actual hours of extra work obtained from the workers. FCI is not a Central Government Department and its employees are not Central Govt. employees. Hence the Central Government rules relied on by FCI are not applicable in the case of the employees in this dispute. There is no provision in the settlement for grant of compensatory casual leave for extra work performed on holidays and beyond the normal working hours in the settlement. The union has never demanded OT work as a matter of right. But once the management has engaged the employees for OT work they are legally bound to pay OT allowance. The corporation should pay OT allowance during the period from 15-6-1989 to 7-12-89 and thereafter as per the settlement.

5. The convenor of the Kerala unit of the union has given evidence as WW1 and Exts. W1 to W3 have been marked on the side of the union. The Asst. manager of the Kollam depot of FCI was examined as MW1 and Exts. M1 to M14 have also been marked on the side of the management.

6. The dispute in regarding stoppage of OT allowance during the period from 15-6-1989 to 7-12-1989 and also the introduction of the system of granting compensatory rest for extra work performed on weekly days of rest and additional shift. According to the union the action of management is against the latter and spirit of Ext. W1 settlement dated 3-5-1987. It is not disputed by the management that the bipartite settlement was arrived at between the management and the unions which was approved by the Supreme Court of India. It is also not disputed that the management is bound to implement the provisions of Ext. W1 settlement. In paragraph 4 of Ext. W1 settlement has agreed inter alia as below :

“All work put in beyond working hours as prescribed at present will be paid for by way of synchronisation allowance and/or Over Time Allowance.”

Subsequently the management has issued Ext. MS circular dated 25-4-1989, restricting the payment of OT allowance to its employees by fixing the maximum limit of 50 hours per quarter. According to the management this was done as per the directives of the Government of India to achieve utmost economy in expenditure. But such restriction was imposed by the management arbitrarily and against the spirit of Ext. W1 settlement. It may be recalled that Ext. W1 settlement was approved by the Apex court in the country and the management has specially agreed to pay OT allowance for all work put in beyond working hours prescribed. The management cannot go behind that settlement and impose restrictions. The present

action of management in restricting the payment of OT allowance limiting the maximum period of OT work for 50 hours in a quarter was done unilaterally and without any justification. The management continued payment of OT allowance without any restrictions before the disputed period i.e. 15-6-1989 to 7-12-1989 and thereafter also. According to the management has not reduced OT allowance to any employees. But Ext. M6 statement filed by the management itself shows that the payment was reduced to Rs. 50 per cent. The workers have the right to get payment of OT allowance as per Ext. W1 settlement for all work put in beyond prescribed working hours. The management has no right or authority to issue subsequent circulars restricting OT allowance unilaterally. Further, Ext. W1 settlement approved by Apex court will prevail over subsequent circulars of FCI issued unilaterally and without the approval of Apex court. The management has a contention that the ceiling of 50 hours per quarter is only a part of administrative guidelines to the officers of FCI and that these guidelines are in pursuance of Central Government directives to achieve utmost economy in expenditure. But having agreed to pay OT allowance for all extra work as per Ext. W1 bipartite settlement the management cannot go behind that settlement and impose restrictions unilaterally. Such action amounts to violation of Ext. W1 settlement. The action of management is against the approval of the Apex court also. In this state of affairs I have no hesitation to hold that the action of management is a clear violation of Ext. W1 settlement and therefore unjustifiable. The workers are entitled to the benefit of OT allowance for the whole extra work performed by them.

7. The second point of dispute is regarding the introduction of the system of granting compensatory rest for extra work performed on weekly days of rest and additional shift. The management justifies their action contending that it was specifically ordered as on 19-5-1965 that OT allowance admissible to FCI staff for working on second saturdays and sundays, and that only compensatory leave will be granted in lieu of such work. This was clarified again as per circular dated 6-11-1973 according to the management. It was further contended that the settlement does not supercede the above mentioned earlier circulars. As I have stated in the above paragraphs as per the settlement the management has agreed that all work put in beyond working hours will be paid by way of synchronisation allowance/OT allowance which was approved by the Supreme Court of India. MW1 has stated that all works performed on public holidays tantamounts to OT work. As per the spirit of the settlement the workers are entitled to get OT allowance for all extra work done by them beyond the prescribed working hours. It is also noteworthy that in Ext. W1 settlement there is not even whisper regarding compensatory leave for work done on second saturdays and sundays. It is true that the circulars dated 19-5-1965, 6-11-1973 relied on by the management have not been superseded by Ext. W1 settlement. But having agreed to pay OT allowance for all work done beyond the prescribed working hours the management cannot now turn round and contend that only compensatory leave can be granted for work done on holidays. The management cannot go beyond Ext. W1 settlement. In this state of affairs

I have no hesitation to hold that the action of management in introducing a system of granting compensatory rest for extra work done on weekly days of rest and additional shift is unfair and unjustified.

8. In view of the above conclusion I hold that the action of management of FCI in restricting the payment of OT allowance to its employees by fixing the maximum 50 hours per quarter and introduction of the system of granting compensatory rest for extra work performed on weekly days of rest and additional shift are unfair and unjustified. The workers are therefore entitled to the benefit of OT allowance for the whole extra work performed by them.

An award is passed accordingly.

C. N. SASIDHARAN, Industrial Tribunal.

ANNEXURE

CENTRAL GOVERNMENT INDUSTRIAL TRIBUNAL AT CALCUTTA Reference No. 20 of 1982

PARTIES :

Employers in relation to the management of
Messrs Hind Traders
AND
Their workmen

PRESENT :

Mr. Justice Manash Nath Roy,
..... Presiding Officer.

APPEARANCE :

On behalf of management.—Mr. P. B. Chakraborthy, Advocate for Hind Traders.

Mr. R. N. Majumdar, Advocate with Mr. D. Mukherjee, Advocate for Bharat Coking Coal Ltd.

On behalf of workmen.—Mr. J. C. Consul.
Advocate.

STATE : West Bengal. INDUSTRY : Port & Dock.

AWARD

By Order No. L-32012/5/82.D.IV(A) dated 21st May, 1982, the Government of India, Ministry of Labour, referred the following dispute :

"Whether the action of the management of M/s. Hind Traders, contractor, Messrs Bharat Coking Coal Ltd., in causing forced idleness from duty to the workmen, whose names have been mentioned in the annexure, from

the dates shown against their names is justified? If not, to what relief is the concerned workmen entitled?"

ANNEXURE

S. No.	Name of the Workman	Date from which the workman is on forced idleness
1.	Shri Hira Lal Jaiswal	3-5-71
2.	Shri Nand Lal Das	16-7-81
3.	Shri Mohammad Nayem	15-8-81
4.	Shri Md. Ayub	16-7-81
5.	Shri Sabir Ali	28-4-81
6.	Shri Akbar Hossain	15-8-81
7.	Shri Akhtar Hossain	23-5-81
8.	Shri Francis Thomas	5-11-81
9.	Shri Mohd. Abbar Khan	4-11-81
10.	Shri Sk. Anwar	4-11-81
11.	Shri Mohd. Mamre Alam	4-11-81
12.	Shri Mohd. Jamal	15-8-81
13.	Shri Mohd. Yakub	22-6-81
14.	Shri Mohd. Fiazuddin	22-6-81
15.	Shri Mohd. Elias	15-8-81
16.	Shri Ful Hassan	5-11-81
17.	Shri Mohd. Ekbal	18-6-81
18.	Shri Rehbar Ali	18-6-81
19.	Shri Sk. Sajim	15-6-81
20.	Shri Mohd. Shamim	15-6-81
21.	Shri Moinuddin	24-8-81
22.	Shri Abdul Rehman Khan	28-8-81
23.	Shri Mohd. Belal	28-4-81
24.	Shri Sanoo Khan	28-4-81
25.	Shri Shiv Kumar	11-9-81
26.	Shri Sk. Sanawar Hussain	28-4-81
27.	Shri Mohd. Hamid	15-8-81
28.	Shri Lal Babu	30-4-81
29.	Shri Sk. Ladja	30-4-81
30.	Shri Mohd. Salim	14-4-81
31.	Shri Mohd. Muslim	14-4-81
32.	Shri Mohd. Tahir	13-5-81
33.	Shri Mohd. Ishaque	20-8-81
34.	Shri Mohd. Sharif	4-11-81
35.	Shri Mohd. Saleem	2-11-81
36.	Shri Abdur Rahim	2-11-81
37.	Shri Mohd. Arif	13-11-81

in exercise of the powers conferred by Section 10(1)(d) of the Industrial Disputes Act, 1947 (hereinafter referred to as the said Act), in respect of the 37 workmen as mentioned in the Annexure to that order, for adjudication before the Tribunal.

2. Initially, Messrs Bharat Coking Coal Ltd. (hereinafter referred to as BCCL), was not indicated as a party, but thereafter, they were added as a party vide Ministry's letter No. L-32012/5/82-D.IV(A) dated August 2, 1983, which fact will appear from the order

sheet dated October 12, 1983 and directions were given on them, to file written statement.

3. Prior to the above order, on June 29, 1982, Written Statement on behalf of Messrs Hind Traders, a proprietary concern (hereinafter referred to as the said Firm), filed their Written Statement and then the workmen (hereinafter referred to as the said workmen) filed their Written Statement, signed by five of them on July 31, 1982 and the said Firm filed a counter statement on September 10, 1982. The said workmen also filed a petition, praying that their Written Statement, as filed through five workmen, may be treated as a statement filed on behalf of all the employees, which was allowed. Ultimately, the said BCCL filed their Written Statement on January 13, 1984.

4. It will appear that both the said BCCL and the said Firm, through their Written Statements or otherwise, raised several preliminary issues for determination in respect of the jurisdiction of this Tribunal, to hear and decide the issue under Reference and so also the fact that, if at all, the dispute as referred, did not constitute a dispute, to be decided by this Tribunal and by an order dated June 13, 1984, it was observed that those preliminary issues should be heard along with the merits of the case. The terms of the preliminary objections, as raised, will be indicated hereafter.

5. It was the case of the said Firm that their nature of work, was entirely dependant on the allotment of Wagons by the Railway Authorities and placing of orders by the said BCCL, under whose orders, they used to work for safe transportation of their cargo to different destination/loading points, within the port of Calcutta, by engaging escorts and such work of the said BCCL, was also dependant upon availability of Wagons made to them and accordingly, when the said BCCL had no allotment of Wagons the said Firm could have no work or for that, any engagement of escorts, as such engagement, was also dependant upon the works made available to them by the said BCCL. In fact, it has been claimed that said Firm was nothing but contractors of the said BCCL and they used to perform the particular job of escorting wagons for the said BCCL, without any further obligation and the escorts, so engaged, were also claimed, not be doing any skilled, unskilled, manual, clerical, technical and supervisory work, while discharging their functions towards the said BCCL, who were stated to be the principal.

6. It has also been stated that after discharge of their obligations of escorting, the persons responsible for escorting, where paid their due charges in full and final settlement, through vouchers and there ended their duties/appointment, till other escorting works were available. The said Firm has also stated that with effect from May 15, 1982, the said BCCL has stopped giving any work to them and as such, they have no work of escorting the goods/cargoes of the said BCCL. It has also been indicated that since the said workmen have admitted that the said Firm was the contractor of the said BCCL and as such, the escorts, so also the persons employed by them cannot be their employees, in terms of Section 2(b) of the said Act and as such also, this Tribunal has no jurisdiction to entertain and decide the issue under Reference,

which was also illegal, irregular and unjustified on the above grounds. It was stated that the said workmen did not join their services during 1970 to 1976 as claimed and they have worked continuously, as alleged. It has also been indicated, since the inception of their business on contractual basis as stated earlier, the said Firm used to choose from amongst those persons, who used to approach them for work and for such employment, no register was maintained, since payments to them, were made on the basis as indicated earlier.

7. In such facts and circumstances as indicated above, it has been claimed that the said workmen were not their workers/employees and so, no question of their joining to duties arose or will arise. The said Firm has categorically stated that they were and are not the immediate employers of the said workmen and as such also, the charges of unfair labour practice, as alleged against them, are baseless. The said Firm has also stated that in view of their nature of business and work, there could be no occasion to engage the said workmen continuously or to pay their overtime wages and Bonus and in fact, they have neither paid overtime nor Bonus to the said workmen or they have ever expressed any such willingness and those facts will be evident from the escorts' vouchers, as the said workmen always received their payments through such vouchers. It has been claimed that when the escorts were appointed as per requirements, they were paid their remunerations and actual Train fairs and as such, the question of postponing any payment of wages, will not arise.

8. It has been stated that the said firm had never sent wagons under the name of other or that they keep and maintain false records in the name of the contractor as claimed and the allegations, if any, on that point, by the said workmen, would be false and incorrect, as they have always signed the vouchers, showing receipt of the payment and that too in full and final settlement of their claims and there could not also be any false entry, as the names of the workmen were gathered from the declarations and the letter of authority issued by the Dock Manager, Culcutta Port Trust and the Union of the said workmen also used to check the names. The said workmen, when appointed for the purpose as mentioned above, according to the said Firm, not only used to sign the appropriate registers, but also used to give a bond in respect of the goods to be escorted by them and they further averred that in the matter of engaging escorts or in any manner whatsoever, they have not resorted to unfair labour practice as alleged. It has also been stated by them that for their own interest, they have started issuing identity cards to the escorts, as otherwise it was difficult for them to find out the whereabouts of the escorts, so engaged. It has been claimed that identity cards were issued to the said workmen and it was not correct that such issue of cards, was suspended on the plea that photographs were not readily traceable. It has further been stated that at the time of issuing the identity cards, the Union representing the said workmen, forwarded the names of the employees along with the copies of photographs of each and after necessary scrutiny, the said Firm issued the identity cards to the genuine persons and

there was no occasion for refusing the issue of identity cards to such employees, who were genuine.

9. It has been claimed by the said Firm that the question of giving any duty to the said workmen in this case will not arise, since the said Firm has fulfilled the necessary quota and retirements for engaging any escorts. It has also been stated that there could be no question of any suffering or any hardship, suffered by the said workmen in as much as, the nature of work of the said Firm, could not permit any employment in regular manner or nature and if at all, the obligation to engage the said workmen, was not with them, but the same may be with the said BCCL.

10. From the Written Statement as filed on August 21, 1982, initially by the 5 workmen and as adopted subsequently by all the workmen, it would appear that they have claimed to be employees of the said BCCL through the contractors viz. the said Firm. They have also indicated the respective joining dates of the said workmen and the dates from which, they have been denied work, in Schedule 'A' to their Written Statement. It has been alleged that the immediate employer of the said workmen viz. the said Firm have been doing all types of unfair labour practice and have earned enormously from 1970 to 1976 and in fact, they, with some ulterior motive and intention maintained duplicate and triplicate books of accounts. As instances of such unfair labour practice the said workmen have firstly, stated that the said Firm have postponed payment of wages and bonus, with the help and assistance of a stooge union and that also included threat, coercion and allurement to the representatives of the workers and also to the new workers. In fact, it has been alleged that Shri G. C. Byabartta told some workmen that they should accept whatever are offered to them towards overtime and bonus, otherwise, he would close the works and shift the business to Orissa. Secondly, it has been alleged that the said workmen were sent for escort/guards duty outside Calcutta by goods trains with materials of the said BCCL and on reaching the destination and obtaining receipted challans, their duties were treated as "Over", though they were paid the Railway return fares, but the payment of the wages for the period, spent in return journey. Thirdly, it has been stated that the said workmen were sent with the wages, quite often in different names of other persons and thus, the said Firm, has maintained fictitious and incorrect records, which has resulted to deprivation of the claims and entitlements. It has been indicated that one Abdul Rashid, who died while on duty in 1975 in Majerhat Yard, was sent in the name of "CHAKKU" and one Dulera, who died in Asansol Yard while on duty, was recorded by the name of "Fakra Alam" and on such grounds, the dependants of Dulera were denied compensation under the workmen's Compensation Act. Fourthly, it has been stated that in 1981, Calcutta Port Sramik Janata Panchayet agitated against, such unfair labour practice of the said Firm, when identity card system was sought to be introduced in May 1981 and for such, photographs were issued to the workmen during March 23, 1981 to March 31, 1991, but cards of 24 workmen that is the said workmen were not

issued on the plea that the photographs were misplaced and the said Firm did not accept the other copies of the photographs on plea that such acceptance may cause the issue of double identity cards. The said workmen have admitted that cards to Nandlal Das, Mohiuddin and Md. Arif were subsequently made available on the plea that their photographs were traced out. Fifthly, it has been stated that Md. Arif, holding the identity card No. 4, was assigned the duty in khidderpur Dock Shed from November 6, 1981 and permits for the duties performed by him on 7th to 10th November 1981, were collected from him on November 13, 1981, when he reported at about 8 P.M. on that date, to collect the pass for the duty to commence from 10 P.M. and he was required to deposit the permits from the period November 6 to November 11, 1981 and even on his showing identity card, he was not given duty. Similarly, it was stated that one Khem Bahadur informed Mr. Hanif that Sri G.C. Byabartta has stopped him booking and thus, on November 15, 1981, when Md. Hanif asked for the reasons for such stopping of his booking, the said Shri Byabartta asked to apply for leave from 7th to 10th November 1981 and also from November 12 to November 14, 1981, even though the said Md. Hanif had performed his duties continuously upto November 12, 1981. Sixthly, the said workmen have given four instances of written application and representations by them and also how they were dealt with by the said Firm, in paragraph 2(vi) of their statement, to the effect that (a) they asked the said BCCL and the said Sri Byabartta, Proprietor of the said Firm, for payment for their forced unemployment and to call them to duty, by their letter dated December 7, 1981, but in reply, they were informed by the said Firm that they were not their employees, (b) Md. Arif, by his lawyer's letter dated November, 25, 1981 asked the said Byabartta, to have his pass returned and to treat him on duty on the 13th following, but the said Firm informed that he was not their employee (c) on and from July 1, 1981, the booking of Mohiuddin was stopped illegally and on August 22 and 23, 1981, he was given work on the representation of the union and (d) booking of Nandlal was stopped on some arbitrary and baseless allegations.

11. It was claimed that the said workmen were serving as guards/escorts year after year, but they were neither allowed holidays with pay nor the earned leave or other benefits, to which they have claimed to be entitled in law. It has been alleged that even though they are put in more than 240 days in every year, in view of the work and overtime works performed by them, the total number of working days and hours would be much more than the usual number of days in a year and on occasions, they were required to perform escort duties, continuously for 4 to 5 months at a stretch. The refusal of the said Firm to employ the said workmen, has been claimed to be erroneous, perverse and without any justification and it has been alleged that the said Firm was always adamant and not to listen or consider the grievances of the said workmen and always used to resort to arbitrary and high-handed

action and for that, the matter was referred to the Regional Labour Commissioner (Central), for conciliation, but such conciliation failed, as the said Firm did not appear and the said BCCL showed their inability to settle the dispute in the absence of the said Firm. Such an action was claimed to be, not only without justification, but collusive too. There is no dispute that after the failure of the conciliation, the present reference was made.

12. It has been stated that only for the first time in 1981, the said Firm informed the Union that they were the contractors on piece rate basis, in the terms and circumstances as stated hereinbefore under the said BCCL and previous to that, the said workmen were under the bonafide belief that the said Firm was simply Labour Contractors for the said BCCL and they used to get some commission on the wage Bills and the principal employer was all-throughout the said BCCL and as such, the said workmen have claimed that the said Firm would not be entitled to advance the plea that they were and are contractors only to the extent of allotment of wagons or orders to the said BCCL. The said workmen have also stated that they were required to perform duties both as guards and escorts and were further required to report for booking for duty, every day. The said workmen have claimed that the issue as referred to for adjudication, be answered in their favour, holding that the termination of employment was not only forceful, but the same was illegal, unjustified and malafide and in such circumstances, they have claimed necessary reliefs, including reinstatement with back wages and due Bonus and other ancillary benefits.

13. The Counter Statements was filed by the said Firm on September 10, 1982, wherein, the material allegations and charges of the said workmen, as made in their statement, have been categorically denied and disputed, apart from repeating and reiterating the earlier statements as made by the said Firm. It has also been alleged that the said workmen, in view of the terms of employment or conditions of service, would not come within the definition of workmen in Section 2(s) of the said Act and as such, the reference was bad. The workings of the said Firm under the said BCCL or the terms and conditions thereof have also been indicated and it has been stated that the nature of job assigned to a particular workman in respect of the escorting of the goods of the said BCCL through a particular wagon cannot, under any manner of imagination and in the facts of this case, be deemed to be functioning of the said workmen under the said Firm, but such function should be deemed to be the functions of and for the said BCCL through the said Firm.

14. It has further been stated that there cannot be any joining date of any workman, in view of the fact that the work assigned, was only for a particular job and not for continuation of the work and in fact, the said workmen cannot claim that they continued to work under any person, far less to speak of the said BCCL, through the said Firm. It was denied that the said Firm was working for over 15 years and since the time of N.C.D.C. and have stated to be working, as and when their terms have been admitted by the N.C.D.C. Such appointment, was also claimed to be not a continuous one and in fact, it has been

stated that the said BCCL has discontinued the work of the said Firm and has assigned such work to others. The statements as made in paragraph 2 and the several sub paragraphs thereunder, have not only been denied, but they have been claimed to be uncalled for and superfluous and it has also been stated that the determination on those matters, will be outside the scope of this reference, since the said Firm never engaged any person as their workers or employees, but the said workmen, if at all, were engaged for a particular job and as soon such job was finished, the work also came to an end. It has been stated that the said Firm was never willing to pay overtime wages as single rate as alleged and it has also been stated that there could be no question for payment of such overtime wages for the said workmen, since they were engaged for a particular job, for escorting a particular wagon to the destination. Any statement contrary to the above have been claimed to be false and fictitious and made with the intention to mislead this Tribunal. In short, it has been stated that the work as performed by the said workmen could not have given rise for any scope of overtime payment and it was not true that at times, the said workmen were to perform escort duties for 4 to 5 months at a stretch. It has also been stated there is no workmen in the roll of the said Firm, for escorting the goods of BCCL, which again was done on the basis of wagons allotted to said BCCL. The claim for Bonus by the said workmen as indicated, have been denied and disputed. It has been stated that the said Firm offered only 4% till 1978, on account of Bonus and even on the basis of such offer, the said workmen cannot claim Bonus as a matter of course. In the facts and circumstances of this case, it has been stated that the said Firm was to pay a sum of Rs. 100/- each workman as engaged for any particular job of escorting, as ex gratia pay on humanitarian grounds, but not as Bonus.

15. It has however been denied that the said Firm started unfair labour practice including coercion through new workers and allurements to the representatives of the said workmen and stated that the question of offering any overtime or Bonus, would not arise in the facts and circumstances of this case, the more so when, the nature of work of the persons engaged for escorting, was purely a temporary one and such temporary appointment ended with the delivery of the goods to the consignees. It has been denied that persons were sent with the wagons quite often under different names of different persons and thus, the said Firm maintained fictitious and incorrect records as alleged. The statements as made in respect of Abdul Rashid and others as indicated earlier, have been categorically denied. Apart from denying the allegation regarding sending of escorts in different names and with fictitious photographs, it was claimed that the allegations were bald, bare and without any legal evidence. Finally, it has been stated that the said workmen, in the facts and circumstances of this case, have no right to ask for any employment, when the said Firm has got no work to do. They have further stated that since, in the facts of this case, there was no scope for any consideration, the statements that

the conciliation proceedings failed, due to the inaction of the said Firm, would be immaterial and it has been stated that the said workmen would not be entitled to any relief as claimed.

16. On January, 18, 1984, the said BCCL has filed their Written Statement challenging the Reference, not only on merits and facts, but also raising preliminary issues to the maintainability of the same and the jurisdiction of the Tribunal, to adjudicate the same, on the grounds amongst others that the proceedings are barred by Res judicata, because two persons, of whom, one was included in the persons named in the Reference, in representative capacity, filed Suit No. 149 of 1983 in a Civil Court, for the selfsame matter, which again, it has been pointed out, has been dismissed for default. But, in an interlocutory proceedings in that suit, it has been observed that the workmen in that proceeding, were not the employees of the said BCCL. It has been pointed out that during the pendency of a Writ Proceedings in the Honourable High Court at Calcutta, no injunction was also issued. It was also contended that no Industrial dispute exists or existed, as none of the said workmen was an employee of the said BCCL and there existed no relationship of employer and employee between them and the said BCCL. It was then indicated that as the cause was not sponsored by any Union and there was no collective bargaining, the pretended dispute, could not be an Industrial dispute and an individual workman could not raise such dispute, because "causing forced idleness", would not be discharge within the meaning of Section 2A of the said Act. In short, it was pointed out that as the matter was not covered by the said Section 2A, there was also no Industrial dispute, part from contending that, as the matter was covered by Contract Labour (Regulation and Abolition) Act, 1970, so the Tribunal is debarred of the power to proceed with the Reference.

17. I think, at this stage, I should also point out the preliminary points raised and urged by the said Firm. It was contended that since the work on contract with the said BCCL came to an end in 1983, so the Reference was bad in law and the Appropriate Government to make the Reference in this case was not the Central Government, but the State Government, as the workings of the said Firm were in West Bengal. It was then submitted that the said workmen being casuals, so the said Firm was under no obligation to give them any work in the circumstances as indicated earlier and more particularly when, the said workmen, duly received payment in full and final settlement of the work they have performed and further more when, after the allotted work, they have no right to get any further work. The point regarding Contract Labour (Regulation and Abolition) Act 1970 or the applicability of the same, was also urged like the said BCCL.

18. The said BCCL has mentioned in their Written Statement about their working and the manner they used to work and perform their obligations to Messrs Coal India Limited. It has been stated by them that they did not consider prudent and economical to employ regular staff, for posting guards/escorts and as such, they used to invite sealed

tenders from contractors, for supplying and posting guards/escorts, to look after the imported consignments, awaiting removal from the Calcutta Port area, as also for providing escorts on Railway Wagons/Trucks, during transit of the consignments to any destination within India and at the rate contract basis. It was their case that the lowest tender was accepted, usually for a period of one year i.e. the contract was from year to year basis and in terms of the contract, the contractor was to arrange guards/escorts from time to time within the stipulated period and that too on purely temporary basis. It was their case that their responsibility of supplying and posting of guards and providing escorts during transit, used to come to an end, when the imported consignments were received by the ultimate consignee. A specimen copy of the conditions as stipulated for supplying and posting of guards/escorts, on rate contract basis, has been disclosed and it has been stated that it will appear therefrom that with the termination of the contracts, in terms of their tender notice, the relationship with the contractor used to cease and another new contract used to be entered in the same manner.

19. The said BCCL has denied that they knew the names of the said workmen and in any event, they were never their employees and has stated that they have no knowledge, whether the said workmen have ever worked with the said Firm. In any event, it has been denied that the said workmen ever served as guards/escort under their employment as alleged and since they have never worked for the said BCCL the question of putting more than 240 days in the year would not arise, for the entitlements of the said workmen, as claimed.

20. It has been stated that as the said workmen were not "workmen" within the meaning of Section 2(e) of the said Act, there could be no question of refusal of employment to them and it has further been stated that there was never, nor there was any priority of contract or any other bond of legal relationship between the said workmen or any one of them with the said BCCL. It has been stated that in the conciliation proceedings, at the request of the Conciliation Officer, they appeared as "observers" and the other allegations were made, have not been accepted. It has also been stated that the contractors were and are engaged by the said BCCL, on invitation of tender and acceptance of the same, for a specific period and on specific terms and condition, as indicated earlier. Such being the position, it has been claimed that the said workmen would not be entitled to any relief as claimed.

21. The said BCCL, prayed for consideration of the preliminary points as indicated earlier and so was also the prayers of the said Firm and I have earlier indicated that on June 13, 1984, an order was passed, recording that the preliminary points as taken, were kept open and to be heard along with the merits of the case.

22. The Assistant Manager of the said Firm, who was the supervisor of the said Firm before 1970, depoed as MW-1 and has stated that the said Firm was to supply guards and escorts from 1968 to 1982, to the said BCCL, on the basis of tenders and the said

Firm was really the contractors for supplying such guards and escorts and in case of necessity, recruitments were made by them from those persons, who used to attend for employment, apart from testifying that such supply was dependent on the need for such service by the said BCCL. He has further stated that the appointment letters were issued by the said Firm to the recruits and they were paid wages on weekly basis and on their return, after completion of the assigned works. It has also been indicated that the recruits continued from the release of the goods from the Docks and till they were delivered to the consignee either by road or by wagons and fresh recruitments were made on fresh and further arrival of the goods and a guard and escort, who was earlier recruited, was not choosed for the second time. It was the evidence of this witness that after payment of wages, the said Firm used to get reimbursed from the said BCCL and since their tender was not been accepted, the said Firm was not supplying guards and escorts to the said BCCL since 1982. He has stated that the recruits were not paid Eonus, overtime allowance, leave wages and they were not entitled to Provident Fund. Any tender of the said Firm to the said BCCL was not produced and he could not also say, if the said Firm had given any quotation for such tender to the said BCCL.

23. It was the deposition of WW-1 that the said workmen including himself, were employed on different dates under the said BCCL through the said Firm, and such employments were on the basis of Notification issued by the Calcutta Port Trust, for recruitment of guards and escorts and they were selected by the said Firm. It was not his case that the said workmen were employees of the said Firm, but they thought them to be the Agents of the said BCCL. It was also his evidence that the major portion of the work performed by the said workmen were of the said BCCL. He has also given an account of the duties performed by the said workmen and has said that sometimes, they were to perform continuous duties for months. He has further stated that the officers of the said BCCL, used to sign the consignment notes and on arrival of the wagons, they were required to inform the said BCCL, regarding the movement of the wagons. He has also deposed that the said workmen, initially received payments from the said Firm and if there was failure or delay in payment being made by the said Firm, ultimately, the said workmen used to approach the said BCCL and receive payments at once.

24. It was his evidence that at the point of destination, the said workmen were under the charge of the Colliery Managers and they used to receive their wages, only on reaching upto destination and not the expenses and wages from the said Firm. But, again he has stated that the said workmen used to get their wages from the said Firm, after signing registers maintained by them and so also the vouchers signed by them. It was his case that the said workmen did not get Bonus and overtime, but, they demanded Bonus from the said Firm, who indicated that the matter will be settled on reference to the said BCCL. It was his case that their demand for Bonus was 20 per cent, but ultimately, the said Firm agreed to pay 4 per cent, but in fact, they paid Rs. 00 per workmen, on

account of advance. It was claimed that the said workmen were forced to sit idle without any reason and in a manner, which was not bonafide. To establish that while at the colliery, in case of necessity, money was called for from the said Firm, the witness produced a telegram, marked for identification. The reception of this exhibit, which was signed by the Area Purchase Officer, Chirneri Area of WCL, was objected to both by the said BCCL and the said Firm. This exhibit was not only not proved and furthermore, the clandestine production of the same, was not rebutted by any legal evidence. It was his further evidence that although the duties of the said workmen were allotted by the said Firm, yet, the officers of the said BCCL used to check and supervise their duties and sometimes, they even changed the duties/duty positions. The witness has also asserted that the contract of the said Firm has not come to an end in 1982 and still they are continuing with the contract and that too in the name of Diamond Security International and that organisation, issued Identity cards to 100 persons, whose names were forwarded by the said BCCL. This, in my view, will go a long way to show that Diamond Security International was not the same authority as the said Firm. It should be noted that the witness specifically mentioned that the said workmen received necessary training from or under the said Diamond Security International and their employment with them, was on deputation basis, as the said BCCL had requested them to engage the said workmen, or about three months, for obtaining necessary approval of the higher authorities of the said BCCL and for about 2 or 3 months, they received payments from the said Diamond Security International. Amongst others, it has been prayed that the said BCCL, be directed to engage the said workmen directly. It was also the evidence of the witness that the said BCCL was having their works done through the said Firm and all money was advanced by them and all the said workmen used to serve more than 240 days in each year and on their return from duty, after a day's rest, they were given further assignment and it was the inference of the witness that the said Firm was the Agent of the said BCCL. He has stated that the gate passes issued by the Calcutta Port Trust were distributed by the said Firm and after duty was over, they were collected by the said Firm. The story that the said Firm, got blank papers/forms signed by the said workmen, can hardly be believed, as there is no legal evidence to that effect. The address of the said BCCL is 6, Lyons Range and it was the evidence of the witness that he found two big registers of that address, lying in the office of the said Firm. But the evidence regarding the workings of by the witness, on his evidence, was not very convincing.

25. On the basis of the available evidence, it is true that the said Firm, as contractors, used to employ the said workmen, for the said BCCL, who really had ultimate direction, control and supervision over them and their employment and furthermore, the engagement of the said Firm, was dependant on the availability of jobs/contracts to the said BCCL, and they were the ultimate employers of the said workmen. But, even on the basis of the findings, it is not possible to answer the Reference in the affirmative for the reasons as indicated hereafter.

26. The witness MW-1 has stated that the escorts were issued with forms, for the purpose of running

payment from the said BCCL and it was their obligation to see that no loss or damage is caused during the concerned period. The said BCCL had the authority to ask for any guards or different duties, but they had no supervision over these guards. He has of course stated that the workers used to work under the instructions of the said BCCL and at the destination of the wagons, they were under the charge of the Colliery Managers concerned and on reaching the destination, they were not required to stay long and in case they escorts were detained for more than the time scheduled, collieries used to inform the said Firm and the movement of the wagons were not informed to the said BCCL. It was his evidence that the destination colliery never used to give advance to the escorts for the wagons, but he could not deny that by Ext W-1, may be for a single instance, there was variation of such procedure. He ofcourse stated that the general practice was not to make such payment on account of advance. Against his evidence that the escorts were not detained for a long, the witness was confronted with Ext W-2 and he could not but agree that in this case, one Md. Nayim was detained for 6 or 7 months. It was the further evidence of this witness that the said BCCL used to re-imburse the workmen who went on escort duty, who were paid third class railway fare in advance, even on their return. He could not also deny that for the entire period of jerking, payments were made by the said Firm through vouchers, on the basis of challans and he denied the suggestions that the said BCCL detained Rs. 32 lakh on account of payment of wages and on account of payments of jerking period wages, but he admitted that the amount may be Rs. 23 to 30 lakhs. He further stated that the said Firm issued the identity cards and they used to employ guards and escorts also for authorities, other than the said BCCL. Exhibit W-3 was an identity card of Md. Nayim, claimed to have been issued by the said Firm, but the witness denied that fact. In fact, over the photograph in the Identity card, there is a Rubber stamp seal of the Managing Partner of Diamond Security International. The voucher Ext M-2 shows the payment of Rs. 45.20p and received by Md. Nayim, after signing at the back of the same. Suggestions were given that this voucher was got signed by the workman concerned, keeping everything blank. Those allegations were really mere allegations and without any due proof.

27. The witness MW-1 has agreed that for non payment of bonus and overtime in respect of the guards and escort, two proceedings are pending before the Authority the Payment of Wages Act, where a total sum of Rs. 34 lakhs, which was claimed to be fabricated, has been made and it was his evidence that because of the nature of work performed by the said workmen, there could be no question of paying any bonus or overtime. It was his further evidence that only the guards were required to be paid overtime, on the basis of their 8 hours work and escorts were paid on daily work basis and only for those day, for which they have worked. The allegations that the said Firm used to get blank vouchers signed by some other person, have been denied and he has stated that although Md. Nayim had to wait for a long period as indicated earlier, he was not paid any overtime, but he was only paid his wages and wagons were no doubt escorted by the said workmen and none of them were paid

any overtime. He has further stated that escorts were paid on the basis of challans and in any event, the said Firm had no liability to pay overtime. He could not ofcourse say, if such payment was to be made by the said BCCL. It was his further evidence that the said workmen were never given the benefits of Provident Fund, as they were casual labours and the said Firm was working on the basis of tenders. It was his further evidence that guards and escorts were recruited according to the requirements of the said Firm and that too, for a certain period and on daily wage basis. He has further deposed that the said Firm used to submit the bills for work to the said BCCL and Railway tickets were purchased by the said BCCL. It was his further evidence that the said firm never used to charge the said BCCL for the Dock Permit. He denied the suggestion that the said BCCL has kept with them Rs. 32 lakhs, because overtime, bonus and Provident Fund have not been paid by the said Firm. He has also stated that the said Firm could not get the tender subsequently, as the rates quoted by them, were higher.

28. Although the said BCCL has not tendered any evidence, but they have cross-examined MW-1, the said MW-1 has agreed that the said workmen were employed by the said Firm and they used to pay directly to the said workmen for works performed by them and the employees concerned, were not required to work in the establishment of any colliery and it was the duty of the said Firm to see that the said workmen performed the assigned duties and the said Firm was responsible for the loss or damages of the goods, since they were engaged to check such loss or damages. The witness further agreed that the said workmen were temporary employer of the said Firm used to get Railway fares and wages for the jerking period, but they have not received any amount on account of overtime, bonus or Provident Fund. It was his further evidence that the said BCCL was to intitiate the said Firm about the requirements and on that basis, they used to recruit employees from the gate.

29. On the basis of the pleadings and evidence, the representatives, both of the said Firm and of the said BCCL contended that the contracts were engaged by the said BCCL on the basis as mentioned hereinbefore and as such, Mr. Muzumder appearing for the said BCCL stated that in the facts and circumstances of the case, the Reference should be deemed to be bad and not maintainable, as no Industrial Dispute, ever existed. He pointed out that the Reference in the instant case could have been made under Section 10 read with Section 2A of the said Act, but the same was not made under Section 2A, but was made only under section 10 of the Industrial Disputes Act, 1947.

30. In that view of the matter and specifically when the dispute if any, was neither espoused nor sponsored by any Union or a group of workmen, on a reference to the case of State of Punjab Vs. The Goudhra Transport Co. (P) Ltd. & Ors., AIR 1975 (SC) 31, it was submitted that the reference was incompetent. In that case, over the dismissal of an employee, dispute was espoused only by 112 of the workmen actually in employment of the respondent Company and it has been observed that while, out of 60 workmen employed in the Company, only 18 workmen espoused the cause of the dismissed and

retrenched workmen and these 18 include 13 dismissed workmen of the Company, the espousing of the cause of the workmen was only by 5 workmen, who were, at the relevant time, actually in the employment of the Company i.e. the proportion was five to sixty and such espousal could not be considered by an appreciable or substantial body of the workmen, so as to establish the dispute as an Industrial dispute and as such, it has been indicated that thus there could be no Industrial Dispute and so the Reference made by the Government, was incompetent. While on the question of espousal of the dispute, Mr. Mazumder referred to the evidence of WW-1, the particulars whereof have been indicated earlier.

31. Then, a reference was made by Mr. Mazumder to the case of The Management of Mungyer Factory of I.T.C. Ltd. etc. Vs. The Presiding Officer, Labour Court Patna & Ors., AIR 1978(SC) 1428, where duties of the appropriate government, while making an order of Reference under section 10 of the said Act, have been indicated and it has been stated amongst others that their view that even if any definite opinion was formed as to the existence or apprehension of dispute the Reference could be made, was not quite correct. Mr. Mazumder has contended that thus it follows that when an Industrial dispute was referred by the Government to a Labour Court for adjudication, they were required to be satisfied that there existed a dispute or an apprehension of dispute and if the words "or is apprehended" in the order of Reference have been used, they were a mere surplasage and did not necessarily lead to the conclusion that the Reference was made in a cavillor manner, without any application of mind. So, the formation of the opinion about the existence of a dispute or the due espousal of the same, was a must.

32. In support of his submissions that in view of the Contract Labour (Regulation & Abolition) Act, 1970, the dispute as referred, was not maintainable and could not be adjudicated, reference was made by Mr. Mazumder to section 10 of the Act, which deals with "prohibition of employment of contract labour" and to establish his submissions, he made a reference to the case of B.H.E.L. Workers' Association, Hardwar & Ors. Vs. Union of India and Ors., AIR 1985 (SC) 408, wherein, it has been observed that Court is not empowerer to do away with contract labour system under the said section and if at all, only Central Government in appropriate cases, can direct such abolition and those submissions were put forward by Mr. Mazumder, as according to him, in this case, the said workmen were only contract labour and their services were terminated on the completion of contract and since a prayer was made that the said workmen i.e. the contract labours, be made permanent or their employment as contract labour be done away with. In support of his submissions that the said workmen were contract labours and their contracts were done away with, on the completion of the specified contract or terms thereof, reference was made by Mr. Mazumder not only to the pleadings, but also to the evidence of MW-1, the particulars whereof I have indicated earlier.

33. Mr. Consul appearing for the said workmen agreed that in 1966-67, N.C.D.C. used to have their works as involved, in this case, done on the basis of contract and such procedure was followed by said BCCL, in 1973. He also agreed that the said Firm was a labour contractor under the said BCCL and such contract continued upto 1981 and during that period, there were promises made to the said workmen to pay extra remuneration and wages. In fact, on a reference to the evidence of MW-1, Mr. Consul submitted that there was such an agreement to pay Rs. 300/-, to each of the said workmen, but he could not deny that the contract of the said Firm was terminated in 1982.

34. In the facts and circumstances of this case, it was Mr. Consul's submissions that the said BCCL can be bound. He also pointed out that the said BCCL was really the employer in this case and the said Firm was thus nothing but their representative. He also, on a reference to the evidence of MW-1, submitted that the said BCCL, used to sign the consignment notes and actually directions, control and supervision of the said workmen, were with them and really and in fact, they had the ultimate control, regarding the apppointment and supervision of the said workmen.

35. It was further submitted by Mr. Consul that the said workmen have claimed wages and dues against the said Firm and since the said BCCL has not tendered any contrary evidence, so, if the statement in paragraph 5 of the written statement are followed, there will be no doubt that there are ample evidence that the said workmen had putt in service for 240 days or more.

36. The submissions of Mr. Mazumder on Section 10 of the Act, as referred to hereinbefore, were denied and disputed by Mr. Consul and he stated that when the present Reference has been made by the Appropriate Government, on their reaching the necessary satisfaction, this Tribunal is not denuded of the necessary jurisdiction and power to determine the issue and the lis as involved. In any event, it was claimed by Mr. Consul that the decisions as cited by Mr. Mazumder were of no avail or any assistance in the facts of this case and as such, this Tribunal will certainly have the necessary jurisdiction to award necessary reliefs, as claimed by the said workmen.

37. The said workmen, admitted to be the employees, employed under the said BCCL and it appeared from the evidence as received that they were so employed, on being supplied by the said Firm, who again were contractors for such supply, on the basis of year to year tenders/contracts. The issue under Reference was whether the action of the said Firm, contractors of the said BCCL, in causing forced idleness from duty to the said workmen, from the dates as mentioned against their names, was justified and if not, to what relief, they were entitled and the said workmen have prayed for an answer of the issues in their favour and to hold that their termination of employment and forced idleness was illegal, unjustified and malafide and thus, to great necessary reliefs of reinstatement

with back wages, including Bonus and other entitlements with leave wages etc. and so also direct, payment of other benefits, which accrued to them during their forced idleness. A prayer has also been made amongst other that directions be issued to the said BCCL, to engage them directly.

38. On the basis of the above and so also the pleadings of the parties, Mr. Mazumder indicated that the said workmen, in fact and effect, have asked for an order for abolition of the contract labour system, under which, they were employed, be it by the said BCCL or by the said Firm, which will not be permissible under Section 10 of the Contract Labour (Regulation and Abolition) Act 1970 or could be adjudicated upon by this Tribunal, as under these provisions, only Central Government, in appropriate cases, can direct such abolition and none else. In support of his submission, Mr. Mazumder referred to the determinations on the point, by the Supreme Court, in the case of B.H.E.L. Workers' Association, Hardwar & Ors. Vs. Union of India & Ors., A.I.R. 1985 S.C. 409. That determination, really supports the proposition of Mr. Mazumder and no decision contrary to the same, was shown by Mr. Consul, appearing for the said workmen, who have really and effectively, asked for the status of workmen, on abolition of their admitted bondage of Contract Labours. Thus, without going into the other preliminary points as taken, it can be held and observed that this Tribunal has no jurisdiction to decide the list as sought to be raised or to give effect to such effective prayers, as made. Whether the work of the said workmen was of perineal nature or not, was within the domain of the decision of the Central Government.

39. Mr. Mazumder also sought to challenge the making of the Reference by the Central Government and the exercise of that wisdom and power in the facts of this case, on a Reference to the case of the Management of Monghyr Factory of I.T.C. Ltd., Monghyr, Bihar Vs. The Presiding Officer, Labour Court, Patna (Bihar) & Ors., A.I.R. 1978 S.C. 1428. That determination, in my view, has neither any application nor any relevance in the facts of this case. So, the submissions of Mr. Mazumder on the point, were without any substance.

40. While on his submissions that since the present dispute, which was not raised at the instance of any Union or by the said workmen properly, the same could not have the character of an Industrial dispute under the said Act, reference was made by Mr. Mazumder, to the case of State of Punjab Vs. The Gondhara Transport Co. (P) Ltd., A.I.R. 1975 S.C. 531, where, in a case of dismissal of an employee, the dispute was espoused by only 112th of the workmen, actually in the employment of the Company and on such, it has been held that there was no Industrial Dispute and as such, the reference was incompetent. On those submissions of non-espousal of the case by the Union, reference was made by Mr. Mazumder to the evidence of WW-1 and has indicated that the present dispute was neither espoused nor supported by the Union. In fact, there cannot be any doubt, to the above position. The dispute in this case was deferred under Section 10(1) (d) of the said Act and not read with Section 2A of the same and as such, I feel that the same was not properly referred or espoused.

41. The submissions on Resjudicata, which apparently appeared to be attractive, had really has no application, as in the concerned proceedings, there was no determinations on merits.

42. In view of the finding in paragraphs 37, 39 and 40 above, it must be held that the Reference was incompetent and as such, this Tribunal will have no jurisdiction to deal with, decide and determine the same. On merits also, on the basis of the scanning of the evidence and the submissions, it cannot be held that the said Firm was the employer of the said workmen.

43. Thus, without going into the merits of the case further, I hold that the preliminary points to the above extent, should succeed and as such, the Reference cannot be entertained by the Tribunal on merits and so, the Reference is rejected, only on those preliminary points as indicated and without going into the merits of the case further.

44. This is my Award.

Dated, Calcutta, the 5th May, 1992.

MANASH NATH ROY,
Presiding Officer
